County To Seek Net Depot Land For Park

Supervisors Vote 4-1 To Apply, In Face Of Protests

The Marin County Board of Supervisors yesterday voted 4-1 to apply to the General Services Administration for the 19.12-acre Tiburon Naval Net Depot annex.

The action was taken in face of a number of protests from residents of the area. The negative vote was cast by Supervisor William D. Fusselman, who wanted to wait until the deadline for application, May 15, to find out whether previous property owners might have a right to the land.

The vote was an endorsement of a recommendation from the newly formed Marin County Parks and Recreation Commission.

OTHER APPLICATIONS

Commission chairman James Fletcher "strongly urged" the board to make the application. He said other governmental agencies, including the state Small Craft Harbor Division, are making applications.

Reed Union School District already has made application for the land.

"The area is ideally suited as a county park," he said. "There's 900 feet of sandy beach sheltered from the wind, and there is no water pollution problem. And there are boating facilities. As to the cost to taxpayers, the commission feels that the rental of concessions would pay for the use of the park and eventually for acquisition." He mentioned a bait and tackle shop, restaurant and boat rentals.

BENEFIT TO COUNTY

The whole thing, Fletcher said, "will be of great benefit to boating and recreation in the county. Besides it is not on the tax rolls now."

"It was once," shot back Fusselman, "prior to World War II. The property should be offered to the former owners. If they are entitled to it and don't get it, then we have to find out how much it will cost and where we'll get the money. And we should pay the real value for it."

"I don't want to be a party to any injustice, but we're operating under a deadline—May 15," Fletcher said.

NO BUDGETED FUNDS

Fusselman then pointed out that there is no fund in the proposed 1959-60 budget for recreation, in spite of a possible nine-cent increase in the tax rate.

Alvin Lang, a San Francisco jeweler and resident of Paradise Cove, who owns three and one-half acres adjacent to the annex, said the county would get more money in taxes if the region were developed in homes. He lashed at the idea of a park, saying the pilings on a pier are rotten, and that large boats create big waves hazardous to anyone using beaches in the area.

Dr. Fenimore Cady Jr. of 3370 Paradise drive backed up Lang. "I think the area should be residential," he said. "If it becomes a park, it will just be another one for San Francisco." He said a letter is forthcoming from the Paradise Property Owners Assn. in opposition to the park plan.

VALUE ESTIMATE

Fusselman drew from Fletcher an appraisal value of the land as $100,000.

"But that's strictly guesswork on my part," Fletcher

Novatans Plan Protest On Elevated Freeway

State's Design Would Cut Community In 2

Novato civic leaders, up in arms over a disclosure that the state Division of Highways plans an elevated, dirt-fill freeway through the heart of Novato, will visit the division's office in San Francisco Monday to inspect the plans and lodge protests.

George Marshall, manager of the Novato Chamber of Commerce, said today that Supervisor William A. Gnoss and Peter Ferrarese of the Novato chamber visited the office this week and learned that the long-rumored dirt-fill freeway plan is a reality.

As a result, Marshall said, he is getting together a group of about 25 Novato leaders for the Monday protest trip.

The chamber has previously sent letters of protest to the Division of Highway and to Marin's state legislators against the dirt-fill plan, but the protests until now have been based only on rumor.

Marshall pointed out that the freeway as now planned would cut the Novato business district neatly in two. He said many Novato leaders would favor a plan to move the freeway to the east, where it would run along the line of the Northwestern Pacific Railroad tracks.

The group going to San Francisco on Monday will meet with R. A. Hayler, assistant division engineer for the Division of Highways, at Hayler's office, at 150 Oak street.

Man Electrocuted On Highway Job

A 38-year-old construction worker from Fairfield was electrocuted yesterday in an accident on the highway-widening project on the Black Point cutoff.

Ivan E. Crawford, father of four, died almost instantly when he leaned against the steel framework of a large clamshell as the earth moving machine's metal boom touched a 12,000-volt power line.

Crawford, who was standing on damp ground, screamed and fell to the ground as the heavy charge coursed through his body. A resuscitator unit from the Novato Fire Department rushed to the scene and worked on Crawford in an unsuccessful attempt to revive him.

Crawford was working as a mechanic for Peter Kiewit Sons, contractors on the project of four-laning the Black Point cutoff. The fatal accident occurred near the junction of the Black Point road and Atherton avenue.

Crawford is survived by his wife, Mrs. Alberta Crawford, and four children, Sandra, 14, Dennis, 12; Sherry, 8, and Susan, 4, all of Fairfield.

Funeral services will be held at 2 p.m. Friday at the Hanson-Bryan funeral home chapel in Fairfield. Interment will be in Masonic Cemetery, Fairfield.

West Agrees On 'Tough' Geneva Stand

PARIS (UPI)—The Western allies have agreed to take a "tough" stand at the beginning of the Geneva foreign ministers' conference with the Soviets next month, informed diplomatic sources said today.

The Western foreign ministers were said to have decided this at the first session of their three-day Paris strategy talks designed to bring about a solid Western position of agreement before meeting with the Russians in the Swiss city.

THREE-POINT AGENDA

At the same time, the sources said, the West has agreed on a three-point agenda which it will propose to the Soviet Union at the start of the Geneva talks May 11. These include:

1. German problems.
2. Berlin.
3. European security.

The diplomatic sources provided the guidance on developments at the morning session after the foreign ministers had decided to impose a shield of secrecy around their discussions here.

TWO-HOUR MEETING

Secretary of State Christian A. Herter met for two hours and 20 minutes at the Quai d'Orsay with the British, French and West German foreign ministers.

They met again for two hours in the afternoon.

Their aim was to line up an agreed Western strategy in preparation for the Geneva meetings.

The "tough" Western line, the sources explained, would not exclude all concessions. But it would mean that the West would refuse to bow to Soviet attempts to squeeze it out of Berlin.

Mrs. Luce Hasn't Lost Value—Ike

WASHINGTON (AP) — President Eisenhower said today Mrs. Clare Boothe Luce's usefulness as ambassador to Brazil has not been damaged in any major way by her row with Sen. Wayne Morse (D-Ore.).

The President told a news conference that he had a telephone survey made yesterday —after Mrs. Luce hit out verbally at Morse—and concluded that she will be welcome in Brazil.

The Senate gave Mrs. Luce a thumping 79-11 vote of confirmation yesterday despite bitter opposition by Morse.

Mrs. Luce then said her troubles began when Morse was "kicked in the head by a horse." To which Morse replied that her remark was "consistent with an old, old pattern of emotion instability" on Mrs. Luce's part.

Some Democratic senators who had voted for confirmation of the nomination said that if they had to do it over again they would vote against her.

And Mrs. Luce's husband, Henry R. Luce of the Time-Life-Fortune publishing empire, said in New York he had asked his wife to resign the ambassadorship because of the criticism.

It was against this background that Eisenhower was asked whether he thought Mrs. Luce should take up her post in Rio De Janeiro or follow the advice of her husband and offer to resign.

Eisenhower then said that although Mrs. Luce's criticism of Morse may have been ill advised, it was human.

She made the remark, the President said, in the heat of anger. But, he went on, so far as he is concerned the criticism of the Oregon senator was not meant as any disparagement of the Senate.

Then Eisenhower said he feels there has been no major impairment of Mrs. Luce's usefulness.

He also said that she had not so far offered to resign.

Residents Gird For Protest To Annexation

More than 1,000 names may be presented to the San Rafael Board of Education tomorrow in opposition to the proposed annexation by San Rafael of 1,090 acres of Freitas Ranch lands.

Part of the area lies within the Dixie School District, which has taken a strong stand against annexation.

The meeting tomorrow will be attended by members of the both the San Rafael board and the Dixie school board working as a committee. The meeting is scheduled for 4:15 p.m. the school administration office in San Rafael.

Supt. Dennie B. Willis of the Dixie district said officials of the district will present the San Rafael board with the names.

Willis said the names will be those of residents in Terra Linda and Marinwood. Persons in the area are opposing the annexation because it is felt, among other things, it might result in a higher population density and hence higher school taxes.

According to John P. Namly, president of the Terra Linda Community Services District board, about 200 names were signed last night on petitions at an "informational" meeting sponsored by the services district. The names were signed after Willis explained the Dixie School District's position.

Namly said persons attending the meeting took home with them several petition forms, and it is hoped that additional hundreds of names will be added in opposition by the meeting tomorrow.

He said about 600 names

Secessionists Face Hospital Rate Hike

If they vote to secede from Marin County Hospital District, Novato area residents will be charged a higher rate at Marin General Hospital than residents of the district.

This was decided by the district board last night as it adopted a list of findings and recommendations prepared by its special committee on Novato exclusion proceedings.

Copies of the committee report will be mailed to every resident eligible to cast a ballot in the May 26 secession election, the board announced.

The hospital directors decided that:

1. When and if the Novato area secedes, directors will immediately conduct a study of rates and establish a new one at Marin General Hospital applying to residents of the excluded area.

2. The new rate would be "fairly and equitably determined, taking into consideration the past contribution and continuing obligations of the excluded residents, as well as their relief from any district liability or responsibility incurred after Oct. 17, 1958; but that such rate shall in no event be higher than the then prevailing rate for non-residents of Marin County."

EXTRA $3 DAILY

The committee report, as approved by the full board, said Novato area residents, if secession is accomplished, will automatically be subject to the current non-resident rate at Marin General, "that is, an additional $3 per day, unless a new rate is established for residents of the excluded area."

It was noted that the district board is studying the need of increasing the non-resident rate.

The report also declared: "Neither the board nor any member thereof, nor any representative of the district, has ever represented that the district would not charge a differential rate to residents of an excluded area."

DENIES STATEMENT

Harold F. Riede, counsel for the district, said some proponents of secession had quoted him as saying no differential rate would be applied to Novato area residents if secession occurred.

"I have never made such a

Hospital In Black So Far This Year

Marin General Hospital operated in the black during the first three months of 1959, with income exceeding costs by $10,076.80.

The hospital's rosy financial picture was reported by Administrator S. Ames Pence last night to directors of Marin County Hospital District.

Pence said income surpassed expense by $2,055.27 in January, by $735.98 in February and by $7,285.55 in March.

He said the hospital's goal for the remainder of the current fiscal year is to wipe out the $20,527.57 balance of a $90,713.20 deficit incurred during the first 13 months of hospital operation in 1952-53.

Since that first year, Marin General Hospital never has failed to wind up a year in

Union Pickets Union At Marin Labor Building

Pickets patrolled in front of Painters' Hall in San Rafael today as one union picketed another in dispute over an office girl.

The pickets were placed late yesterday by Office Employees International Union Local 3. They carried signs designating as "unfair" Retail Clerks International Union Local 1119.

Painters' Hall, owned by Painters Union Local 83, also houses offices of the Bartenders, Operating Engineers, Electricians and Labors Unions and the Marin County Labor Council.

When employees of those labor organizations arrived for work this morning, they found a picket line to pass. Hasty negotiations resulted in the pickets moving away from the front door to picket a side door to a stairway that serves only the retail clerks' office, reported George Scott, secretary of the painters.

Acutely embarrassed by the presence of pickets at a building owned by a labor organization and tenanted by unions, Scott said that if the dispute is prolonged, the retail clerks

New Dump Approved In San Rafael

Another rubbish dump for San Rafael was approved last night by the city planning commission.

Robert D. Leslie won approval of his proposal to accept garbage and refuse for a fill-and-cover dump operation on 10 acres off San Quentin road, just northwest of the Morrison dump. Leslie seeks to fill the land to usable level.

Leslie said no automobile bodies or wet garbage will be allowed.

The planning commission granted a one-year permit on condition that a log boom be built in the water to hold the refuse from washing into the bay, and a fence be built along the property's frontage on San Quentin road.

Supervisors Buckle Down To Budget Task

Two hundred pages of figures and small print—the prototype of next year's county budget—were tackled today by the county board of supervisors.

Right away Supervisor William D. Fusselman had some comments to make.

He observed that "some pretty bright people" in Marin's nine incorporated cities were under the impression that city dwellers paid more county taxes than the residents of unincorporated areas and get less services.

Fusselman fired a series of questions at Deputy Auditor Michael Mitchell, sitting behind two calculating machines and reams of figures.

These were the facts which emerged:

Assessed value in Marin breaks down to 55 per cent in cities and 45 per cent outside city limits.

Of the $1,392,600 state-collected sales taxes from Marin, $1,071,600 returned to city treasuries and the rest to the county. These were totals estimated for the 1958-59 fiscal year.

City dwellers pair $2,449,000 into the total 1958-59 county general fund of $4,453,000.

Chairman Walter S. Castro and Supervisor Vera Schultz protested that county welfare, health and medical departments—to name a few—served the entire county. But Fusselremained unconvinced that the city dwellers were getting their money's worth.

The proposed budget—before the cuts promised by the

Dump Sought On Olema Church Land

Donald B. Pepper, Bolinas excavator and garbage collector, has asked the County Planning Commission for permission to operate a cover-and-fill garbage dump on a five-acre site owned by the Church of the Golden Rule.

The proposed site is four miles south of Olema and about two miles west of Highway 1 next to an abandoned sawmill site.

Pepper now hauls Bolinas garbage to a dump at Pt. Reyes Station. The new site would be some seven miles closer to Bolinas.

A public hearing on his use permit application will be held at 10 a.m. Monday at 1711 Grand avenue, San Rafael.

369 Get Shots At Polio Clinic

Three hundred and sixty-nine persons—almost all adults —received polio inoculations last night at the first evening polio clinic conducted by the Marin County Health Department.

Dr. Mary Jo Tonelli, who gave the inoculations, reported today that 313 of the 369 were receiving their first "shots."

Working men predominated in the throng, many of them being accompanied by their wives, Dr. Tonelli reported.

Polio clinics will be held for the next four Tuesdays, from 7 to 9 p.m., at the county health department at 920 Grand avenue, San Rafael.

Brown Signs Bill On Credit Sales

SACRAMENTO (AP)—Legislation to protect Californians from installment credit racketeers was signed into law today by Gov. Edmund G. Brown.

The bill was asked by the governor in his inaugural address.

He said it will give protection from deceptive sales contracts and "outrageous carrying and insurance charges."

The author, Assemblyman Jesse M. Unruh (D-Los Angeles), declared the measure "closed up the last major loophole in our lending and fiscal laws and eliminates tremendous abuses which have existed in the retail installment sales field for many years."

All transactions involving $50 or more will fall under the new law except for autos, which are covered under other laws. It specifies there must be a clear warning to the buyer to read the contract before signing and not to sign it if there are any blanks. In addition, contracts must list all details of the transaction.

Wage attachments are banned and repossessions are limited. Maximums also are set for insurance and financing charges.

Tennis-Swim Club Development Dropped

San Rafael will not get a private tennis and swim club on Glen Park avenue at Myrtle avenue.

John Farrar of Kaehler Construction Co., who had planned the $150,000 development patterned after the Mill Valley Tennis Club, announced last night he is withdrawing his request for a club at that location. In a letter to the San Rafael Planning Commission, Kaehler said soil tests showed that the project is not feasible at the Glen Park-Myrtle avenue location.

As soon as he finds a more suitable site, he plans to go ahead with plans for about five tennis courts surrounding a swimming pool, he wrote.

Other actions by the planning commission included:

1. San Rafael Military Academy will be allowed to build a six-foot fence beside its buildings, on condition the fence be stained or painted. Normal height for such a fence is three feet.

2. D. W. Pedersen received a use permit to operate his Marin Lumber Co. at 45 Jordan street. The company is already operating. City Planner Mitchell Baird said that through some mixup, no use permit had ever been obtained.

3. Mrs. Ida Sartorio was denied permission to alter a single family home at 628 E street into a triplex. The area is zoned for multiple dwellings, but the home extends into the First street setback line established in 1952 in anticipation of widening of First street. The commission decided to reject the alteration within the setback line but informed the owner she could appeal to the city council. Commissioner Charles Hendrickson dissented, asserting the owner should not be deprived of full use of the property because of a setback line set seven years ago with nothing done about it yet.

Factory Jobs Hit Peak Here In Early '58

Employment in manufacturing in Marin reached its highest postwar total during the first quarter of 1958, it was reported by the Marin Development Foundation.

Based upon an analysis of the latest available reports issued by the state Department of Employment, the foundation's study showed that Marin's manufacturers had an average of 1,612 persons on their payrolls during that period compared with 1,464 in the first quarter of 1957. It was a gain of 10.1 per cent.

Total employment in the county, comparing the two periods, was down only a fraction of 1 per cent in 1958. Experience of other lines by the classification breakdowns maintained by the state was:

Agriculture, forestry and fisheries—up 11.8 per cent.

Contract construction—down 3.2 per cent.

Transportation, communication and public utilities—down 4.3 per cent.

Retail and wholesale trade—down 4.1 per cent.

Finance, insurance and real estate—up 8.9 per cent.

Service trades—up 2.3 per cent.

Food, Lodging Guide Planned

A new Marin Visitors Bureau folder — a food and lodging guide to Marin—is being planned for release early in June, according to Richard L. Shirley, bureau manager.

John Elder, Terra Linda commercial artist is designing the new visitor promotion piece for the county's restaurants and motels. It will contain a county road map showing the locations of such facilities with numbers. The numbers will be keyed to individual paragraphs describing those motels and restaurants which become members of the Marin Visitors Bureau.

Letters of explanation, a questionnaire and a Marin Visitors Bureau application card will soon be mailed to all motels and restaurants, Shirley said. The bureau is a department of the San Rafael Chamber of Commerce at 801 B street, San Rafael.

Tighten Labor Measure, Ike Asks Congress

WASHINGTON (AP) — President Eisenhower called on Congress today for tightening of the Senate's labor control bill at three points.

Eisenhower told his news conference that the measure passed by the Senate has very definite weaknesses.

He said he is very disappointed with it.

The President said he believes the House should write in amendments to (1) curb secondary boy-cott, (2) outlaw blackmail picketing and (3) clarify the no-man's land area where the authority of the National Labor Relations Board and that of the states is cloudy.

Eisenhower was asked if he feels it necessary to have such amendments in light of the bill of rights for rank and file labor that was voted into the Senate measure.

Eisenhower replied that as it first was offered by Sen. John McClellan (D-Ark.), he thought the bill of rights proposal was a fine thing.

But he said a compromise which finally was adopted was not a real substitute for the kind of thing that should have been done.

The substitute was sponsored by Sen. Thomas Kuchel of California, the assistant Republican leader, and backed by a group of Republicans who have been regarded as friendly to organized labor.

Panel To Discuss Schools' Success

The question, "Are Our High Schools Fulfilling Their Educational Obligation?" will be aired on radio station KTIM's "Marin Sounding Board' at 9 a.m. tomorrow.

On the panel will be Richard L. Foster, assistant superintendent of county schools in charge of educational services; Ralph Phelps, principal of San Rafael High School; Dr. Gerard Sheldon of Tiburon, and James Kirchanski, director of the 3-R School in San Rafael.

A recorded rebroadcast will be at 12:30 p.m. Sunday. Kitty Oppenheimer will be moderator.

Rice Property Proposal To Get Study

A special committee of the Larkspur Chamber of Commerce has been formed to give further study to proposal for business use of the Charles W. Rice property east of the Larkspur business district.

Oakley Dexter, chamber president, said the committee will explore the possibilities of leasing the property as a parking area for shoppers or developing it commercially "to the advantage of all the people of the community."

After completing its study, Dexter said, the committee will submit a report at a special meeting of the chamber. No date was set for the meeting, to which all merchants and owners of property on the east side of Magnolia avenue, between Cane and Ward streets, will be invited.

The Rice property recently was eyed by Clarewood Co., Berkeley construction firm, as a possible site for a Lucky store. But the firm later shifted its attention to the 100,000-square-foot property of auto dealer Hil Probert on Magnolia avenue.

In other matters Monday night, the Larkspur Chamber of Commerce:

1. Endorsed the Larkspur School District's proposed $267,000 bond issue, to be voted on at the May 19 school election.

2. Approved, in principle, the idea of a Golden Gate Authority to administer the Bay Area's bridges, airports and seaports.

Stronger Smog Controls Proposed

SACRAMENTO (AP)—Laws to strengthen the power of air pollution districts were proposed in both houses of the Legislature yesterday.

Sen. Richard Richards and Assemblyman Thomas M. Rees, Los Angeles Democrats, proposed bills which would:

Allow local districts to prohibit registration of new motor vehicles after Jan. 1, 1961 unless the vehicles' exhaust systems comply with standards to be set by the state Department of Public Health.

Establish an exhaust laboratory to perform tests on motor vehicles and control devices.

Establish inspection stations to check whether vehicle exhausts are adjusted to minimum air pollution levels.

Supervisors Endorse Court Clerk Pay Hike

The Marin County Board of Supervisors yesterday endorsed an Assembly bill that would raise the salaries of municipal court clerks.

Authored by Assemblyman Richard McCollister at the request of Municipal Court Judges Richard M. Sims and Harold Haley, the bill calls for a schedule of salary hikes and increment raises for the chief clerk, chief deputy clerk, and four other grades of deputy clerks in municipal courts.

The salary range from a maximum of $821 a month for the chief clerk to a maximum of $341 a month for six deputies in Grade 1.

The board of supervisors also:

1. Heard requests from J. B. Wyand, Martin L. Rhodes, Gever Puckett, Mrs. Agnes Puckett, Jane S. Rhodes, W. Smith and Forest Morse, all of the Mill Valley area, that an election be held to determine if a county civic center should be built. Letters were ordered sent to say that a proper request would be on a bond issue, since the board by a four-fifths vote can decide on the issue of a center.

2. Put in the budget file a request from San Anselmo for $10,000 for county participation in highway maintenance.

3. Put in the budget file a request from Bolinas residents that $2,000 be spent on the county park in the area for resurfacing of tennis courts.

4. Appointed Clara E. Haymart as intermediate typist-clerk at $281 a month in the county medical department; Dr. Leo Wagner as deputy physician at $250 a month to fill a position vacated by Dr. Elmer Weden; Clara Kramer as medical social work supervisor, formerly on provisional appointment, at $530 a month in the county medical department.

5. Approved the expenditure of $300 for the West Marin Junior Livestock Show.

6. Held up approval of $17,000 worth of alterations to the courthouse.

7. Approved 3-R School's application for permission to build a swimming pool and shower building next to the school's new quarters north of San Rafael.

8. Approved construction of an apartment building in the Marinaro subdivision near Tiburon.

9. Approved plans for a boys' camp at Arequipa west of Fairfax with provisions for fencing, architectural control, offstreet parking and a three-year permit.

10. Approved rezoning at Strawberry of property owned by Sam Neider to controlled commercial. A restaurant may be built there —across from Sabella's.

Greased Pig Chase Called Off; 'Cruel'

SAN LEANDRO (UPI) — Is greased pig chasing a "traditional western sport" or a "cruel spectacle?"

A proposed pig chase by youngsters at the local horse show Saturday was canceled today after a brief controversy among western horse showmen and officials of the Society for Prevention of Cruelty to Animals.

A slippery test scramble was held last Thursday involving one 120-pound boy and one 40-pound oiled porker.

After the grunts and groans had died way, a jury of show officials solemnly went on record that 'in our opinion, a greased pig scramble does not constitute any possibility whatsoever of cruelty to animals and we see no justifiable reason for eliminating it. We see no harm in this traditional western sport."

But the SPCA officers at the test saw it in a different light and termed it "a cruel spectacle."

The show sponsors today deferred to the SPCA and withdrew the pig scramble in favor of an undeniably traditional western sport, a sack race.

Fire Commission To Reorganize

A special organizational meeting of the Tiburon Fire Protection District Commission will be held Friday at 8 p.m. in the Tiburon boulevard firehouse, according to Fire Chief Jack Ishmael.

Fred C. Hannahs was elected to the board at the recent election, replacing former board chairman Eugene E. Trenam, who did not seek re-election.

Subsequently, the board of supervisors appointed Paul C. Hantzsche and Kelly J. Wheeler to the board because district voters approved increasing the membership from three to five. The two ran second and third in the election.

Hantzsche will fill a three-year term, and Wheeler, a two-year term. Holdover members are Jon F. Stanton and Howard I. McGill.

Novato GI Named Outstanding Trainee

Pvt. Roger L. Brindle, son of Mr. and Mrs. Leighton W. Brindle of 217 Third street, Sausalito, has been named "outstanding trainee" of his company at Ft. Ord.

Brindle was awarded a citation signed by Maj. Gen. Carl F. Fritzsche, commanding general, and presented by Lt. Col. Owen H. Carter, executive officer of the 1st Brigade, to which Brindle is assigned.

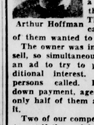

The award cites Brindle "for outstanding aptitude and attention to duty displayed while taking Reserve Forces Act training at Ft. Ord." He is attached to Company D, 4th Battle Group.

Real Estate Views And Values

If Erle Stanley Gardner were writing this column it would be called the "Case of the Typical Home Sale."

However, he isn't, so I hasten to add, no two sales of real estate are alike. We can't guarantee we could do as well for you. On the other hand, we might do a lot better. The market varies. The only thing that remains constant is our sincere desire to help you sell your property.

The "case history" began with a phone call. We inspected the home. It was in nice shape. The price was in line. We had 4 current prospects for a home of that type. They were called and 2 of them wanted to see it.

Arthur Hoffman

The owner was in a hurry to sell, so simultaneously, we ran an ad to try to provoke additional interest. Exactly, 10 persons called. Because of down payment, age or location only half of them asked to see it.

Two of our competitors called to see if they might be permitted to show the home to prospects. Naturally, we try to work with all realtors and granted permission.

Within 30 days the sale was completed. The purchaser was one of our "existing" prospects.

If you wish to sell — now or in the future — please remember to place the task in our hands. That's the best way to get results. Wm. E. Doud & Co., 25 E. Blithedale, Mill Valley. DU 8-8404.

SCOOTER ENVOY — Mayor John F. McInnis tries riding tandem (somewhat impeded by 250 pounds of baggage) on motor scooter with Cesare Battaglini of Bologna, Italy. Battaglini has toured Europe, Asia, Africa, Australia, South Sea Islands and the Americas on the little scooter. (Independent-Journal photo)

ROAMING THE WORLD

Scooter Vagabond Pauses In Marin

The United States has the best roads in the world, but it's hard for a vagabond to pick up a living in this country.

Authority for those statements is Cesare Battaglini, 30, of Bologna, Italy and points east, west, north and south.

He should know. He has been in 124 countries on a round-the-world tour by motor scooter.

Yesterday, he was in San Rafael, to meet Mayor John F. McInnis, to be interviewed by the press and tour Marin with Leon C. Smith, general manager here of J. E. French Co. Smith got in the act because his company has been named distributor for the Lambretta motor scooter. That's the kind Battaglini has ridden almost around the world.

Battaglini holds a doctor's degree in economics. But after teaching one year at Bologna College, he turned vagabond for a motor scooter tour of Europe, the Middle East and India. That was in 1954. He liked it so well that he decided to see the world by scooter. On July 15, 1956, he left Bologna. And he hasn't been home since.

With him on the Lambretta, the teacher - turned-traveler carries 250 pounds of baggage: tent, sleeping bag, tools, spare parts, clothing, etc.

"I carry all with me," he explained in halting English (one of his eight languages). "Nothing by train."

Something of a walking world road map, Battaglini reported the roads are very bad in Central Africa — "sometimes no road in Congo; have to take ferry." They are bad also in Australia's great central desert (although it's a "very easy desert," with water tanks along the roadside and a motel every 250 miles). In Colombia and Panama, there just aren't any roads through jungles and over mountains.

Lack of a road is all that stops the little six-horsepower scooter, according to Battaglini. On it, he motored over 14,000-foot Andean pass from Chile to Argentina — "no trouble at all."

The roads are bad in Red China, too, reported Battaglini. But that wasn't his principal trouble there. "The police is bad. Every 10 or 15 miles they stop you, check passport. The people don't know a thing."

Battaglini was unable to offer a comparison from the Soviet Union. He said he had applied twice for a visa to tour Russia and been turned down both times. "I guess they don't like me," he remarked.

Next to those in the United States, the roads in Europe are the best. But South America is Battaglini's choice. He made money traveling there, doing commercial stunts for oil companies, etc.

"The United States is very hard," he said, shaking his head. "Nobody help."

To raise funds here, he is giving lectures to Italian groups during a two-week Bay Area stay, and selling copies of his book, "Diario di Viaggo," written in Italian. He also writes for three Italian newspapers.

From the Bay Area, he will head for Canada. In about three months, he expects to be back home in Italy.

Will he settle down then?

"Boy, I don't know now!" exclaimed the doctor of economics who has been five years a vagabond.

READY WITH A COMMENT—Sen. Wayne Morse (D-Ore.) talks with reporters in a corridor near the Senate chamber yesterday after the Senate confirmed, 79-11, the nomination of Clare Boothe Luce as U.S. ambassador to Brazil. NIKITA WIRES S.F. BUT WHAT DID HE SAY?

SAN FRANCISCO (UPI)—Soviet Premier Nikita Khrushchev has sent a radiogram to Mayor George Christopher, raising hopes that San Francisco might be the site of a possible Big Four summit meeting.

But the translators were in doubt about what exactly it was that Khrushchev said in the message, which was badly garbled in transmission.

After three hours of study, two translators claimed Khrushchev said he would be happy with San Francisco if the other heads of state were.

But a third translator read the message as saying the premier was against this type of meeting in San Francisco."

Trapped Dog Only Inches From Relief

OWASSO, Okla. (AP) — Little Richard, 'coon-chasing hound, was only inches from freedom today in the sixth day of efforts to free him from a limestone cliff crevice in which he's been stuck fast.

"I think it's pretty sure they'll get him out," said Bob Parkhurst, Tulsa radio reporter watching the rescue attempt. "It's just a matter of when.

"He's barking now and then, although he seems a bit groggy from the tranquilizer."

The sedative was given the weary Little Richard early today in his first human contact since he was trapped in the rocky pile last Thursday. He got it in hamburger meat fed him by Don Dillard, a tiny Owasso High School senior. The food was the hound's first of his imprisonment.

Small-scale dynamiting was resumed to speed the tunneling toward the dog.

Boy Treated Again For Eye Ailment

SAN FRANCISCO (UPI) — A Belvedere specialist has assured the mother of Hugh Thornhill that surgery will not be necessary to save the sight in the one remaining eye of the little Mississippi boy.

Mrs. Louis Thornhill, of Natchez, said Hugh received two treatments from Dr. William Ferguson of Belvedere yesterday and three the day before. The doctor used medication to relieve pressure building up in Hugh's left eye.

The little boy's right eye was removed four years ago. When hope for his left eye appeared slim, residents of Natchez raised a fund to send the youngster to San Francisco for treatment by Ferguson last February.

Hugh returned home, seeing better than ever before in his life.

"He has been riding his bike, playing baseball, and doing about everything you'd expect a youngster of his age to be doing," Mrs. Thornhill said.

She said the boy was returned to San Francisco this week for a routine checkup.

"We just want to be sure that the pressure doesn't build up again," she said.

Hugh's trip here was paid for by a Natchez lumber man, she said.

P.O. Would End Savings System

WASHINGTON (UPI) — The Post Office Department wants Congress to abolish the 48-year-old Postal Savings System.

Lindsley H. Noble, department controller, said yesterday the savings system was no longer needed now that regular banking services are generally available. The department backed a bill to start closing out the savings system when its total deposits fall below one billion dollars.

ASUNCION, Paraguay (AP)—Paraguay's President Alfredo Stroessner has once again lifted the state of siege kept in force with occasional breaks since 1957.

The government said political turmoil had abated enough to resume normal operations.

New Seaway Blocked

VALLEYFIELD, Que. (AP)—Tugs worked in driving rain today, trying to free the St. Lawrence Seaway of its first traffic block after only four days of operation.

The 8,000-ton lake ship Prescott struck a bridge lift span last night and came to rest across the Seaway channel, her prow blocking the entrance to the Beauharnais Canal.

The blocking of the waterway was blamed on a fuse which blew in the electrical system lifting a bridge span to let the Prescott go through. The ship's pilot dropped anchor but momentum carried the vessel into the span.

HOLLYWOOD (AP)—Musician Ira Gershwin, 62, brother of the late George Gershwin, was reported recovering in a Hollywood hospital today after undergoing surgery for an undisclosed ailment.

Reuther Won't Run

DETROIT (UPI)—United Auto Workers President Walter P. Reuther has disowned a purported campaign to promote his candidacy for President of the United States.

Reuther sent a letter to all UAW locals yesterday asking them not to become involved in any committees purporting to promote his candidacy.

"I am not in any way interested for or holding any public office," said Reuther. "I have said this publicly many times before, and I repeat it now with all the emphasis at my command."

Singer Divorced

LOS ANGELES (AP)—Singer Kay Starr says that when she asked her husband where he had been, he would reply: "It was business—and none of your business."

Miss Starr, 36, was granted a divorce yesterday from George A. Mellen, 42, wealthy real estate operator and oil man from Mobile, Ala. She testified Mellen often had stayed away from home without explanation.

They were married two years ago in Mexico. This was the singer's fourth divorce.

Rail Strike Abandoned

OTTAWA (AP)—A strike set for May 1 on the Canadian National Railways was called off last night after union leaders abandoned their key demand to retain firemen on modern, oil-fired diesels pulling freight and yard trains.

Under the new agreement, the firemen will not be dropped summarily. They will be removed gradually by promotion, retirement or death and replacements will not be hired. The process will take an estimated 15 years.

Ekberg Eyes Divorce

HOLLYWOOD (AP)—Often rumored on the rocks, the marriage of Anita Ekberg and Tony Steel may be heading for divorce court.

"The trouble, I think, is that these two simply have drifted apart," Simon Taub, Miss Ekberg's attorney, said yesterday. He said nothing definite will be decided until the Swedish actress talks with her husband.

Steel did not go to the airport to greet his wife, who returned yesterday from a year's absence in Europe. The British actor said business had kept him from the meeting the plane. They married in 1956 in Italy.

Hawaii Budget Surplus

HONOLULU (AP)—Gov. William F. Quinn says Hawaii's government will have a surplus of about nine million dollars more than expected for the current two-year period and the next.

Te told a news conference yesterday he hopes the Legislature will use the surplus for capital improvements and pay raises for government employees.

What'll They Think?

LONDON (UPI)—Mrs. Margaret Whines, a delegate to the annual Congress of the Women's Cooperative Guild, complained yesterday that if the posters, publications and motion pictures gathered for the congress were preserved for posterity, "a future generation will think all we wore was pants and bras."

Mrs. Luce's Gibe Stirs Storm; Husband Asks Her To Quit Job

WASHINGTON (AP)—A parting drop of verbal acid from Clare Boothe Luce has brewed a new storm that could end in her quitting her new won job as ambassador to Brazil.

Shortly after the Senate gave her a thumping 79-11 vote of confirmation yesterday, in spite of bitter opposition from Sen. Wayne Morse (D-Ore.), Mrs. Luce issued this statement in New York:

"I am grateful for the overwhelming vote of confirmation in the Senate. We must now wait until the dirt settles. My difficulties, of course, go some years back and began when Sen. Wayne Morse was kicked in the head by a horse."

That put the fat in the fire.

Morse, still on the Senate floor, retorted "This is part of an old pattern of mental instability on her part."

Several of his Democratic colleagues, who had voted for Mrs. Luce's confirmation, jumped up to repel the attack against one of their own. They said if they had it to do over again, they'd vote against her.

A GOP member of the Foreign Relations Committee, Sen. George D. Aiken of Vermont, said her statement was indiscreet and should not have been made.

There was a flurry of telephone calls between the White House and Senate Republican leader Everett Dirksen of Illinois.

Dirksen passed the word that the President felt there was some provocation for her remark.

At his news conference today, Eisenhower said he does not believe Mrs. Luce's usefulness as ambassador to Brazil has been impaired in any major way by the furor over her exchanges with Morse. The President said he had had a telephone survey made in Brazil on this point.

Mrs. Luce's husband, Henry R. Luce of the Time-Life-Fortune publishing emhad asked his wife to resign the ambassadorship.

"That would be good for the country," was Morse's comment.

Luce took the position that the Senate confirmation had vindicated Mrs. Luce. "But," he said, "there remains the question of Brazilian opinion and whether she can now hope to accomplish the delicate mission assigned to her by the President in a climate of uneasiness which the smears and suspicion aired on the Senate floor have naturally created in Brazil."

The Senate confirmation seemed to be final, short of an unlikely vote to ask President Eisenhower to return the nomination.

Mrs. Luce had no immediate comment on her husband's request that she resign.

After word of her parting gibe at Morse sped to the Senate floor, Dirksen tried to smooth things over by complimenting Morse on his "durable sense of humor."

Sen. Homer Capehart (R-Ind.) joined in to kid Morse about his support of President Eisenhower for the 1952 Republican presidential nomination. Morse was then a Republican.

"That was after I was kicked by the horse," Morse replied. His jaw was broken by a flying hoof at a horse show 1951.

SEA LIONS SAVED FROM SLAUGHTER

SACRAMENTO (AP) — The sea lions can stop howling.

Sen. Waverly Jack Slattery (D-Finley) received hundreds of letters protesting his resolution to slaughter-almost 15,000 sea lions.

Even though the Senate passed the measure, he amended it yesterday to merely ask the Fish and Game Department to keep sea lions from eating too many fish.

"I had to do it," Slattery said. "They've formed Committees to Save the Sea Lions all over the state."

Youth Authority Order Acclaimed

SACRAMENTO (AP)—Gov. Edmund G. Brown says a Youth Authority order to speed juvenile offenders from county jails to youth camps is "the most humane thing done in the last 10 years in the state's penal system."

"Idleness among youths in the county jails has been a degrading thing," Brown said yesterday. "Some of the youths have had to wait in them as long as three months before commitment."

Lost Plane's Wreckage Discovered In Turkey

NICOSIA, Cyprus (UPI)—A Royal Air Force plane today spotted what was believed to be the wreckage of a British plane missing on a flight to Iran with secret rocket equipment.

It said the wreckage was on a 14,000-foot mountain north of Lake Van in eastern Turkey.

The course of the missing plane had taken it close to the Soviet-Turkish border and it had been feared downed by Soviet jet fighters inside Russia.

The plane, with 12 persons aboard, disappeared Thursday while en route to the Woomera rocket range in Australia.

RAF officials said the wreckage was about 100 miles southeast of the Russian frontier.

Russia, Satellites Draw Up Platform For Geneva Parley

WARSAW (AP) — The Soviet Union and its Communist allies today announced their expected full agreement on the Soviet platform for the Geneva conference.

They rejected in advance expected Western proposals of a package settlement embracing West Berlin, German reunification and a European security system.

Foreign ministers of the Warsaw Pact powers and the deputy minister of Communist China ended a two-day parley on the East-West foreign ministers' meeting next month with a communique declaring:

1. Reunification of Germany must be "solved by Germans themselves with no interference from outside."

2. A peace treaty with Germany or settlement of West Berlin's future must not be made dependent on solution of the European security problem.

3. Poland and Czechoslovkia must be accepted as full participants at the Geneva conference and the summit meeting expected to follow next summer.

4. West Berlin should be made a demilitarized "free city."

Slayer Robbed

INDIANAPOLIS (AP)—Connie Nicholas, 45, free on appeal bond after being convicted of manslaughter, went back to police headquarters yesterday with a complaint her apartment was looted while she was in jail.

The divorcee valued the missing clothing, liquor, glassware and furnishings at $1,500. She said the loot included 22 of her 25 pair of shoes.

She was convicted April 16 in the death of her wealthy, married lover, Forrest Teel, last July 31.

Ike Voices Concern Over Iraq

WASHINGTON (UPI) — President Eisenhower said today the United States is very concerned over the situation in Iraq, where Communists are trying to gain control of the government.

The President told his news conference the United States is doing its best to sustain and promote relations with the government of Premier Abdul Karim Kassim but that Communist efforts in that country have made the job difficult.

He said that since the July revolution in Iraq, in which the monarchy was overthrown, there have been new cross-currents of antagonomism in the Middle East.

Yesterday, director Allen W. Dulles of the Central Intelligence Agency described the situation in Iraq as "the most dangerous in the world." Sen. J. W. Fulbright (D.-Ark.), before whose Senate Foreign Relations Committee Dulles appeared, agreed with that evaluation.

The president told reporters today he hopes the forthcoming East-West foreign ministers' conference at Geneva will achieve at least one small step which to lay a basis for beginning negotiations on a German peace treaty.

Eisenhower emphatically reaffirmed the Western allies' determination to remain in Berlin despite Russian efforts to force them out.

GERMAN INNOVATION

Coin Device Will Tell You If You're Drunk

By JOHN A. CALCOTT

FRANKFURT, Germany (UPI) — Tankard tippers in Frankfurt have substituted "Take a Blood Test" for the old drinker's motto: "One More for the Road."

In the opinion of those familiar with German taverns, it had to happen.

Now occupying the place of honor alongside the juke box, the slot machine and the cigarette vender in five local taverns are "blood-test" devices.

For 50 pfennigs — 12 cents — anyone can discover the alcohol content of his blood before driving home.

If the dial slides past the 1.5 pro mille critical point, the advice is to "take a taxi or wait a while with a cup of coffee."

The 1.5 pro mille mark has just been introduced into German law. Anyone with more than 1.5 cubic centimeters of alcohol to each 1,000 cubic centimeters of blood in his body is, in the eyes of the law, intoxicated and unfit to drive.

And drunken drivers receive notoriously heavy penalties in Germany. Loss of driving license for five years is the least one can expect. With the help of the new machine, however, no one need drive while drunk, even if he doesn't feel as though he's under the influence.

The machine is called "Alcolex," and it works this way:

Before putting 50 pfennigs in the slot, three levers have to be adjusted.

One of them is for registering just how many tankards have been tipped. The chart for this lever has markings for a variety of spirits, beer and cider.

Once this has been figured and set correctly, lever number two is adjusted to the time in which said liquid was consumed.

Lever number three is set at the weight of the person taking the test.

Afer all this — the taverns report there have been cases were the person hasn't been up to setting the dials — the coin is dropped in the slot and, before you have time to take another gulp, you know if you're intoxicated or not.

Besides telling you if you're legally drunk, the machine also works out just how long it will be before you're sober again.

On the front of the machine is the inscription:

"Be careful. Don't risk your driving license, your personal freedom, your insurance protection, your health, your life and that of others. Test your condition before you steer your auto."

Brewster County, Texas, contains 6,208 square miles, more than five times more than Rhode Island.

Panama Invaders Spurn Surrender Offer; Temporary Truce Prevails

PANAMA CITY (UPI) — A Cuban army officer reported Panama's rebel invaders have rejected a surrender ultimatum, but that a few were willing to call off the invasion if allowed to go free. He called the current situation a temporary truce.

Capt. Raul Torres, one of two bearded Cuban revolutionary army officers who negotiated with the invaders in the captured coastal town of Nombre de Dios, returned here shortly before midnight to report the results of his mission to Panamanian officials.

He told newsmen the invaders, mostly Cubans, are trained fighters who were determined to carry the fight to the finish.

"Under no conditions do they want to surrender their arms —no soldier does," he said.

Panamanian Minister of Justice Jose D. Bazan said Torres' mission was "considered a failure by our government." He said the Cuban captain would not return to Nombre de Dios unless requested by the Organization of American States investigating team, which was scheduled to arrive here later today.

TEMPORARY TRUCE

Torres described the current situation as a temporary truce, with most of the 80 members of the original invading party remaining in Nombre de Dios. Twenty rebels were reported pushing across the San Blas Mountains in an apparent drive toward the capital.

Torres said one of the invaders was an American, but he did not identify him.

In addition, reports that sizeable rebel reinforcements numbering about 300 men were converging on Panama from Cuba persisted.

The loyalist forces of President Ernesto de la Guardia Jr., strengthened by U.S.-supplied arms and ammunition, were moving to en-circle the rebel headquarters and to cut off the 20-man spearhead moving toward Panama City.

NOT OPTIMISTIC

Torres, who brought one of the insurgents with him, said the rebels felt they were liberating Panama from a dictatorship. He said he was not optimistic about their surrender.

He said a few were willing to call off the fight, but only if allowed to keep their arms and if promised immunity from prosecution by both the Panamanian and Cuban governments.

He said the rebels were in good health and had not suffered any casualties.

British Press In Blast At Montgomery

LONDON (AP)—Britain's press fired a concerted blast at Field Marshal Bernard Montgomery today, declaring the blunt old soldier chose the worst possible moment to launch a TV attack on the quality of U. S. leadership.

The papers expressed fear Montgomery's derogatory remarks on the eve of the East-West foreign ministers' talk might have dealt a damaging blow to British-American unity.

In an hour-long film televised last night in America by the Columbia Broadcasting System, Montgomery said that American leadership of the free world is suspect and declared that Britain had come forward to supply the consistency needed by the Western alliance.

The interview was shown on U. S. screens not long after Montgomery arrived in Moscow for a private visit.

Montgomery also fired a scatter shot at President Eisenhower, John Foster Dulles and Secretary of State Christian A. Herter.

These American leaders, the wartime hero asserted, are "people who are not very well" and added that this is "not good."

Montgomery Talks With Khrushchev

MOSCOW (AP)—Field Marshal Bernard Montgomery today began his round of talks with Soviet leaders, meeting Premier Nikita Khrushchev first.

"I have nothing to say," the British World War II hero told newsmen as he set out to keep his appointment with Khrushchev.

Montgomery seems bound to get a warm reception here but his arrival last night did not create much excitement. Moscow's two leading newspapers —Pravada and Izvestia—devoted only two inches to the story.

Multilingual Sailors?

HONOLULU (AP)—Sailors in the U.S. Pacific Fleet have been advised to brush up on foreign languages.

Adm. Herbert G. Hopwood, fleet commander, said he hopes American sailors will try to use at least a few words of the native tongue in foreign ports.

Tibet Puppet Chief Won't Visit India

TOKYO (AP)—Red China's puppet ruler of Tibet, the Panchen Lama, today rejected an invitation to visit India for peace talks with the self-exiled Dalai Lama.

Indian Prime Minister Jawaharlal Nehru, who granted the 23-year-old Dalai Lama asylum after his flight from the Chinese Communists, had suggested the meeting as a move to end the Tibetan rebellion.

The Panchen Lama stood by the claim of the Chinese overlords that his holy colleague had been kidnaped.

Nehru has branded as a lie Communists claims that the Dalai Lama is a captive.

HABLAN ESPANOL — WITH PHONE COMPANY ASSIST

Michael A. Lopez, Spanish teacher at Sir Francis Drake High School, has found the telephone a handy gadget in teaching students to speak Spanish. Lopez hooks up phones through control monitoring set, records conversations on tape for playback to show students where they made mistakes. Here, two-way conversation is being carried on (from notes) by Sue Macdonald (foreground) and Elyse Kraft, while Lopez handles recorder. (Independent-Journal photo)

Student Wins Scholarship

Lee Fullerton, 17-year-old San Rafael High School senior and son of Mr. and Mrs. Gerold P. Fullerton of 51 Marens road, San Rafael, has been granted an academic scholarship to attend Stanford University next fall.

The award is the latest of many that have been won by Lee, but it is the first academic scholarship for the youth who has already distinguished himself in the field of music. In 1957 and again in 1958 he was awarded the Nesbit Scholarship, entitling him to attend the National Music Camp in Interlochen, Mich.

Young Fullerton has played string bass in the Marin Symphony Guild Orchestra, and the San Rafael High School Orchestra, and has composed several original scores which have been performed by the Marin Youth Orchestra and others.

Lee, who is a lifetime member of the California Scholarship Federation, recently also was awarded the Bank of America Fine Arts Award for San Rafael high, and has been named to receive the God and Country Boy Scout Award for his activities as a crew leader with Explorer Ship 57 of San Rafael.

He is president of the Youth Fellowship group of St. Paul's Episcopal Church, San Rafael.

Contino Reduces Debt

LOS ANGELES (UPI)—Accordionist Dick Contino has reduced his debts from $48,000 to $10,000 and will file a petition May 13 seeking to be discharged from bankruptcy.

U. S. Branded Illiterate On Constitution

FRESNO (AP)—America is "a nation of constitutional illiterartes," says president Paul S. Smith of Whittier College.

In sharp criticism of standards of education in the United States, Dr. Smith told 1,000 delegates to the 56th annual convention of the California Federation of Women's Clubs yesterday.

"School textbooks have reached a common ground of mediocrity. We have so standardized the uniformed American education that it is difficult to write a textbook which is not in a specific rut."

Dr. Smith said education has come far in the United States, but that it must do better.

"We are a nation of constitutional illiterates," he said. "We don't know our constitution and we have no clear knowledge of the constitutional way of life."

Actor Lists Debts

LOS ANGELES (UPI)—Actor John Ireland yesterday filed a list of his liabilities with his bankruptcy petition—his debts totaled $296,142 against assets of $112,900.

Amendments Bog Down Bay Authority Bill

I-J Special Report

SACRAMENTO — The proposal to establish a Golden Gate Authority to operate bridges, airports and seaports in the Bay Area bogged down in a maze of amendments yesterday. All action on it was delayed one week.

Marin Sen. John F. McCarthy, author of the legislation, submitted a series of changes including one which would keep the Golden Gate Bridge and Highway District in operation as a separate entity at least until repayment of all bonded indebtedness is assured.

Another of his amendments would repay to the counties of the district approximately $400,000 which county residents paid in bridge taxes during the early years of the bridge district.

The senator earlier had agreed that the authority initially would have control over only the bridges, with negotiations to come later on the airports and seaports.

Sen. Nathan F. Coombs of Napa had an amendment which would remove the Golden Gate Bridge and Highway District from the authority entirely. He also proposed an amendment which would eliminate Napa County from the nine-county authority.

Sen. John F. Thompson would eliminate Santa Clara County from the authority.

Sen. Luther E. Gibson of Vallejo would eliminate the Carquinez Bridge, the proposed Martinez-Benicia Bridge and deletes Solano County from the authority.

Sen. Richard J. Dolwig of Redwood City would delete all reference to cooperation between the authority and rapid transit.

Sen. J. Eugene McAteer of San Francisco proposed that the authority be restricted to transportation and rapid transit alone.

Sen. Carl L. Christensen of Humboldt asked if the district originally had been designed to return profit from the Golden Gate Bridge to the counties of the district.

Bridge general manager James Adam answered that originally this was in the bridge legislation but that in 1940 the Legislature had deleted this section of the act. Adam called it "breaking faith" with the people who had voted the district into existence. (He didn't mention he was lobbyist of the bridge district at that time and pushed the change through the Legislature.)

The Senate Transportation Committee took no action on any of the amendments yesterday, although it is usual automatically to approve author's amendments. They will all be considered next Tuesday morning.

Milker In Brawl Put On Probation

Gene Henry Schettler, 19, Inverness milker who was involved in a disturbance at Capt. A. S. Oko's Drake's Arms last February, drew three months' probation yesterday.

Judge Richard M. Sims found him guilty of disturbing the peace.

Schettler and his companion, John O. Goff, 21, of Pt. Reyes insisted they went into the restaurant-bar only for cigarettes and soft drinks when they were ordered out. Goff was cleared of all charges.

Schettler said he lifted accountant Mark Derringer, who works at the restaurant, by the lapels but did not hit him. When Captain Oko came out waving a billy club, Schettler said, he became angry and shouted he would "take them all on."

Sausalito Trustees To Meet Tonight

The meeting is to discuss further the Marin City assessment situation and its relation to district income, Davis reported.

FIRST SPACE STEWARDESS?

Pamela Jayson of Beverly Hills, proposed as a "space stewardess" to accompany the first man sent into space, tried on a pilot's helmet as she met newsmen at the annual meeting of the Aero Medical Assn. in Los Angeles. She was selected for the potential role by Spacelabs, Inc., a firm devoted to research of human factors involved in space travel. She is a registered nurse, mother, holds a master's degree in psychology and has what the company calls "motivation for flight." (AP Wirephoto).

Space Pilot Drives Safely, Spanks Kids

PHILADELPHIA (AP) — American's first man into space is probably a cautious driver on the ground.

He likely spanks his children when they misbehave. He gets mad from time to time and may show it, but he can control his anger.

That's part of the picture of the seven top U. S. space candidates reported today by the chief psychiatrist who examined them, Capt. George Ruff of the Air Force Wright Development Center.

The first space pilot is free from impulse. He isn't likely to pop off to superiors or go absent without leave.

After all, Dr. Ruff said, you don't want him deciding to try a few maneuvers in the middle of an orbit around the earth.

The first space man is generally a warm father—but he isn't family-bound. He forms close relationships easily —but he can also detach himself from his family if he has to.

Generally, he is careful about his personal and family finances. He may go into debt to buy a big item like a new car. He lives fairly comfortably on the equivalent of a $10,000-a-year civilian salary.

But he isn't satisfied with routine, or the established way. He wants to fly the newest aircraft and to establish a new frontier. You could call him a creative conformist, Dr. Ruff said. He spoke before the American Psychiatrist Assn. annual meeting and answered newsmen's questions.

Is he concerned about death and the hereafter? He is more concerned with the here and now, Dr. Ruff said.

How did the National Aeronautics and Space Administration keep out the dare-devils and others?

By tests and by seeking volunteers from groups such as military test pilots.

How can the psychiatrist tell when he comes across a daredevil? One way is by asking. him how he feels about danger. If he says there is no danger, he may be a daredevil type or have self-destructive tendencies.

Bolshoi Seen At Best In Old Classic

By W. G. ROGERS

NEW YORK (AP)—The Bolshoi Ballet's "Giselle" in the Metropolitan Opera House last night proved again that this visiting company's finest work is done in the old-time classic numbers.

Seen already in a modern "Romeo and Juliet," a traditional "Swan Lake" and a highlights program composed largely of contemporary pieces, the Soviet company mimed and danced its "Giselle" beautifully.

Even one bad tumble did not spoil a pas de deux as exquisite as you can hope to see.

Raissa Struchkova was at her best in the title rôle. Yuri Zhdanov, introduced to New York audiences as Romeo, made a much more subtle and persuasive Prince Albert.

The Soviets spell this ballet out—as if they thought you didn't know the Russian language.

By the most explicit and graceful pantomine, they make absolutely clear the relationships between the prince, and peasant girl he wishes to seduce, and Hilarion, who has been her suitor.

There were two moments in particular of superb dancing, the magnificent lifts in the second act, and the pas de deux done by Liudmila Bogomolova and Gleb Evdokimov. Evdokimov lost his balance after a pirouette and sprawled on all fours, but quickly recovered and got a fine friendly hand. Miss Bogomolova was a faultless ballerina with a phenomenal sense of balance.

Public, Union Members Should Watch Labor Bills

Both the public and the rank and file members of organized labor should watch closely what is happening to labor legislation both in Sacramento and Washington. Both the public and the union member may be in jeopardy.

Last week the Senate in Washington balked at details of the Kennedy-Irving labor bill. They tossed off Senator John F. Kennedy's leadership to embrace the Labor Bill of Rights proposed by Senator John L. McClellan, chairman of the Senate Rackets Committee. McClellan had seen how rackets flourished (see adjacent article), and he introduced a series of measures to protect the working man against imposition and manipulation by his leaders.

But Kennedy, who wants to be President and figures he needs the support of Big Labor, rallied his forces to defeat the McClellan amendments on the second try.

One of those who rallied was Senator Hubert Humphrey, who also wants to be President. When the first roll was called, Humphrey was listed as absent from the Senate on "official business." The "official business" was a political tour of the West. When he heard of the uprising, he wrote a flowery telegram to Gov. Edmund G. Brown saying he was sorry he had to cancel out California, and he rushed back to the Capitol.

Meanwhile, Senator Lyndon Johnson, Democratic kingpin, came up with his own labor maneuver. He'd like to be President too. He proposed an unemployment commission which is to study the facts and causes of unemployment and report in two months.

If Johnson wanted the answers, not the notoriety, he could get the same information from the Bureau of Labor Statistics in a few hours. His motives, which are discussed quite openly in Capitol cloakrooms, include gaining popularity for himself, stampeding Congress into money-spending bills based on unemployment, putting through measures (which many Democrats don't want passed either) so that President Eisenhower will have to veto them.

In Sacramento, Governor Brown also has knuckled under to labor and announced support for major increases in workmen's compensation, unemployment and disability benefits. Brown knows that some labor leaders are smarting under other labor legislation he is proposing. Perhaps it would be politic to toss them a bone. He calls the series of increases he proposed, all of which would be raised by increased employer contributions only, "a good bread and butter approach to our social insurance program."

Those are some of the labor matters before your state and federal legislators. They deserve your attention.

No Better Bargain In Music

A quarter of a century ago a unique organization gave the public something for its money. This summer, for the 25th time, the Marin Music Chest again will bring to Marin County some of the outstanding musicians of the world—at prices everyone can afford to pay.

Make no mistake about it. The current Marin Music Chest campaign is not a solicitation of contributions. You get value for your membership fees. For example, if you subscribe $5 to the chest, you will receive two tickets to each of its summer concerts, at least three of them, possibly four. For twice as much money, you get twice as many tickets. If you subscribe less than $5, you, as a member, are entitled to attend the concerts for a 50 cent admission charge.

We're not talking about some amateur production, either. Scheduled this season are Elisabeth Schwarzkopf, Vienna, Metropolitan and San Francisco opera soprano; the internationally-known twin piano team of Luboshutz and Nemenoff, and the celebrated young American violinist, Michael Rabin.

If subscription are numerous enough, the San Francisco Ballet will conclude the Silver Anniversary concerts.

But there's something more. Five per cent of all subscriptions goes to a scholarship fund for Marin music students. To date more than $14,000 has helped a score of young musicians carry on their training.

So if you like music, there isn't a better bargain anywhere than a membership in Marin Music Chest.

Briton Finds Americans Keeping Their Opinions To Themselves

NEW YORK (AP) — Are Americans today afraid to speak out their mind?

The question is raised by John Braine, one of Britain's brightest new literary talents.

Many British visitors in the past have complained that Americans, if anything, are too vocal about things they know little about.

Braine, after a two-week tour ranging from Boston to Chicago, said: "This seems to be a country where I don't hear people giving their opinions out loud about any issues."

"It might be fear. It might be something else. I haven't been here long enough to tell," he said.

Braine, classified as one of England's "angry young men," a label that he detests, is author of a best seller, the story of a working class lad on the make — financially and socially.

Here are a few other quick U.S. impressions by the 37-year-old author:

"No one here seems to wear his hair longer than two inches — which is a frightening thing. It is rather like being in an army camp.

"And all the little boys have their hair shaved — as if for ringworm. There is nothing wrong with it. But why do they all have to do it? It is so uniform."

Too much conformity of any kind seems sterile to Braine, a self-educated writer who had to quit school at 16. In 1951 he gave up a "good safe job" as a $28-a-week librarian to try his luck as a writer.

THERE, HE recalled, he sometimes had to pawn his best pair of trousers to raise the price for a meal, but at least "I had ceased to remain a prisoner of my own timidity."

"Once you've been on your beam ends in a strange city, you're not frightened of anything after that.

Braine is quietly proud of his working class origin. But as to being one of Britain's "angry young men," he said: "It's nonsense.

HE HOPES, he said, to build a whole fictional world around the life of his time.

"I don't know how many books it will take. Because I don't know how long I'll live," he said. "I write slowly — in longhand, and I write three drafts of each book.

"To me the only reliable pleasure is work. You are born to do your job.

"If you don't do it, you might as well be dead."

WHAT OUR READERS SAY

We Need To Know About Fish Food

EDITOR,
Independent-Journal:

We all know taxes are high, but isn't it a comfort that we have a man in Congress who can think of such interesting new ways to spend money.

Just last week, for instance, our own Clement Miller became aware of our deplorable lack of knowledge concerning the proper nutrition and environment for game fish. The need for immediate action is apparent. Our Congressman of course promptly complained to the Administration for its failure to ask for new funds in the 1960 federal budget to meet this pressing need. Who can blame him? In fact, who else would have thought of it?

Just imagine! In this country only one wage earner in five is a government employee, and every man, woman and child is paying only about $500 a year in federal taxes alone, and this penny-pinching Republican Administration HAS NOT ASKED FOR ONE RED CENT to find the proper nutrition and environment for fish! Fie!

By golly there are no flies on Clement. Thanks to him Congress now has a bill creating a new federal government program, under which we can hope to learn the answers to these and many other equally exciting questions about fish.

Keep up the good work, Mr. Congressman! You have a truly busy mind.

Questions Aims Of School Unification

But that is not why unification is being pushed. It's purpose has been for more control topside and fewer board members. Each school should have a board, even under unification.

Warped Ideas Held On Capitalism

Congratulations on the enclosed editorial. (You Are a Capitalist. . . . April 25).

Too many people have the idea that only millionaires are considered capitalist by the communists, and have a competely "warped" conception of the free enterprise system which has made our country great.

Women Voters League Can Do Real Service In Spotlighting Constitution

SACRAMENTO (CNS)—The California League of Women Voters, which was in convention in Sacramento last week, is looking into the California Constitution with the idea of emphasizing the useless verbiage, duplications and other inconsistencies in this much berated document.

To portray more vividly the anachronisms contained in the document, the chapters of the league in various parts of the state put on a contest displaying by pantomime the more peculiar provisions of the constitution. All in fun, of course, it actually lambasted the people of the state for permitting such inconsistencies in the document under which people of this modern day and age are supposed to live.

FOR INSTANCE, there was a pantomime showing how people in California can lose their right to vote or hold office in this state if they send or accept a challenge to a duel with deadly weapons. This won third prize for Bakersfield in the contest of a field of 20 chapters displaying useless sections.

The Monterey Peninsula chapter was puzzled by the fact that two sections are concerned with social welfare, with these two sections almost identical, and each containing a 47-line sentence of more than 500 words.

THE MODESTO chapter portrayed the provision in the constitution which approves trusts and estates for Stanford University, and exempts these funds from state taxation, even though general provisions exist concerning tax exemption for all colleges and universities.

There is a section in the document, portrayed by Palos Verdes Estates, which threatens any public official with loss of his job if he accepts a railroad pass.

The Merced chapter wonders if it is necessary to have a constitutional guarantee against the election-day arrest of voters who haven't committed a felony or treason, or haven't broken the peace. Theoretically, at least, it's a wide-open day to commit misdemeanors with immunity.

IT'S BEEN KNOWN for a long time that the California constitution is a hodge-podge of additions and substitutions.

However, there so far has been no definite effort to correct the situation, call a constitutional convention and submit a new and modern document to the people of the State of California for approval.

Patently, the members of the California League of Women Voters will be serving a good cause if they can get some interest stirred up on making necessary changes in the constitution.

TRY AND STOP ME

BENNETT CERF

Paul Waner, an all-time great of baseball, was on a hunting trip during the off-season, and came to a town in Oklahoma where a big ball game was scheduled with the champs of the county seat nearby. The town elders of course pleaded with Paul to get into the game, but the other team's manager was justifiably outraged at the idea. "How about letting me play if I bat left-handed?" suggested Paul, and that's the way it was settled.

All Waner did that day was bang out three home runs and two triples. And in case you don't recall, Waner made all of his hits while playing the outfield for the Pittsburgh Pirates—every one of the hits made batting left-handed.

J. W. Hamilton was mildly startled when one of his friends confided, "I'm very fond of the human race. All of my friends have belonged to it—and even some of my wife's family, too!"

Harry Kurnitz, author of "Once More With Feeling," has devised a plot for a Soviet comedy which he predicts will have all Moscow in stitches: "A Communist novelist writes a book that wins the Nobel Prize, and this time he's allowed to go to Stockholm to receive it. But then he refuses to go home, so the mortified Soviet officials bump off his wife. Then the novelist happily returns to Russia. Turns out that all he wanted was to get rid of his wife."

The All-Southern Turtle Derby was covered by radio recently. The announcer began on a high pitch of excitement, screaming, "They're off and crawling!"

I-J REPORTER'S NOTEBOOK

By ROSS W. ASHLEY

Hot Scramble Doesn't Mean That Somebody Is Over-Cooking Eggs

IN THE I-J'S daily list of fire calls there sometimes appears an item like this: "Hamilton Air Force Base — fire trucks stood by during 'hot scramble'."

We would like to explain that this does not indicate that the firemen rushed to the galley because somebody was over-zealous in cooking eggs. Nor yet that they went to the office of the base newspaper, the "Scramble," because an issue was hot off the press.

A scramble is the process of getting a plane or planes into the air, usually, in time of peace, for training purposes.

A "hot scramble," however, is something else again. They mean business.

HOT SCRAMBLES are touched off when some object, generally an aircraft, appears on the radar screen where it has no business being.

The alert squadron at Hamilton "scrambles" aircraft — in most cases where there is a single unidentified object, two planes take off — to check out the object.

And they don't fool around about it. They are fully armed and ready to shoot the object down if doesn't pass inspection.

We can't help feeling a pang for the pilot who has strayed from his course and blundered unknowingly into the Hamilton defense area, and suddenly finds a couple of F-104 Starfighters bearing down on him, Sidewinder missiles at the ready.

Incidentally, having the fire trucks and ambulance stand by is a routine part of the "hot scramble" procedure.

A COMMITTEE of the Novato Advisory Council for Education has completed a survey of the problem of double sessions in schools.

Concluding that double sessions definitely are detrimental to the process of education, the committee made a list of recommendations which may be boiled down to these:

1. Double sessions can only be eliminated by action at the state level, with procedures for school construction streamlined to allow building to start on the basis of future school populations.

2. Further streamlining through consolidation of the procedures involved in gaining state approval of school construction. At present, notes the committee, there are four or five state agencies which have a hand in it, each taking enough time in connection with a school construction proposal to cause extended delay in building.

3. At the local level, teachers and parents should cooperate to minimize the detrimental effects of double sessions. Teachers should keep parents advised as to work in progress at school, with parents giving supplemental instruction and assistance at home.

4. Get maximum effectiveness from teachers by reducing the amount of paper work they have to do, and adding enough teachers to give fullest attention to children on double sessions.

The report was turned over to Novato school superintendent William J. J. Smith, who promised it will get full consideration.

ABOUT RACKETS PROBE

Voters Should Read Book About Labor

By LYLE C. WILSON

WASHINGTON (UPI)—Right now would be a good time for the voters to read a book.

Recommended reading for today is a newly-published report on the Senate rackets investigation conducted under the committee chairmanship of Sen. John L. McClellan (D-Ark.).

The title of the book is "Power Unlimited—The Corruption of Union Leadership," by Sylvester Petro, published by the Ronald Press, New York. The prices is $5 which will discourage readership among the readers. There are no pictures, a further handicap to mass circulation.

THERE ARE SINS and scandals in this book, however, beyond belief. They are as shocking as the revelations in "Confidential," and such publications which entrance some readers.

These are not scandals of the bedroom and the gin mills, but of the underworld jungle in which bad apple labor unions captained by strong-arm hoodlums and their associates prey on employers, employes and the public like a tom cat in a bird's nest.

Not all unions, far from most, are so tagged. But a trend of pattern of violence, coercion, mayhem, arson and blackmail is well disclosed in some areas of union-employer relationships.

THE AREA IS SO large, the violence so brutal as to raise substantially the question of whether the public peace is shattered by this kind of domestic warfare.

All of this is part of the philosophical background of the proceedings now under way in the U. S. Senate. The Senate is considering labor legislation under circumstances of dispute and disagreement.

Especially in dispute is whether the new labor legislation should provide protection for the public, for workers and for employers. This protection would be against those elements of organized labor which are in fact extortionist rackets operating without much hindrance from present law.

THOSE EMPLOYERS, workers and the public who have been victimized by hoodlum unioneers are not themselves organized. They are numerous but they are no pressure group.

Big labor is well organized, of course, well heeled and powerful. No crystal ball is necessary to foresee what is likely to happen when the chips are down. The question will be that of protecting the public by imposing on all unions certain curbs on conduct. Without such curbs, some unions have been inclined to abuse their privileged status and to abuse some citizen employers and some citizen workers in the process.

THE PRESSURE group of Big Labor almost certainly will have the votes to lick any proposition such as that.

Whether that will be good or bad is a matter of opinion. The voters could get some facts on which to base his own opinion if he would read Petro's book.

Has Marrying Fad Hit School? Then It's Time To Be Very Firm

Has the marrying fad hit your high school? It strikes some schools every spring. Kids of 15, 16 and 17 marry hastily. Many of their marriages go bad. Protect your youngsters. Don't let them talk you into giving consent to an unwise marriage.

It's the same story each year. A popular young couple will marry. Then some friends of theirs will copy. Suddenly it will be the thing to do. School counselors are helpless. Parents are bewildered. In one high school I visited last June one-third of the graduating girls had married. By now half of those marriages are on the rocks.

Most kids in their middle teens aren't ready for grown-up responsibilities. A few of them are, and their marriages succeed. But the others suffer. They hate the humdrum work and worry. They miss their freedom and the fun of datings others. Girls resent continuous housework. If babies come they really suffer. Many young couples go deeply into debt. That means more trouble. Quarrels start. Hatreds flame. Foolish things are done. Is it any wonder they separate?

Some of the boys and girls who married unwisely last spring now blame their parents. They admit the weddings were a mistake. They say they were wrong. But they believe that their parents should have protected them. The reasoning is odd, but they believe it. They're sure their present messes are their parents' fault.

Do you have a teen-ager who is deeply in love? Have there been marriages at school? Then be careful. Be patient. Be tolerant. Avoid sarcasm. Guide as carefully as you can. Eventually your teen-ager will thank you.

supervisors as they go through it item-by-item—would call for a nine-cent tax rate increase.

The budget total at 9 o'clock this morning stood at $11,413,551.

The accompanying proposed tax rate was $2.39 per $100 assessed valuation. Supervisor Fusselman noted that 42 cents of this was shown as going into the county building fund.

County Administrator Donald A. Jensen said the "still undeterminable factors" which must be known before a budget is adopted about June 25 are: End-of-the-fiscal year balances, employees' salaries; effect of state legislation.

When the supervisors adjourned for lunch at noon they had made their first cut—$900 off their own budget. The money had been budgeted last fiscal year for informational leaflets that accompanied tax bills. The board felt it was necessary because of the reappraisal program.

However, the total budget for the board stands at $49,405 compared with $32,925 last year.

Budget sessions will continue all week.

"I think the administration is to be complimented on such an exceptionally good safety record," Dr. Wilson P. Goddard, board president, told Pence.

Sausalito Officer Gets Promotion

UNION

may be asked to move elsewhere.

No immediate settlement was in sight as the head of the office workers local, which has headquarters in San Francisco, was reported in San Mateo on another matter.

The dispute is a throwback to one between the office workers and Marin unions which started last fall.

The office workers demanded a pay increase and a severance pay plan. Their union employers balked at paying into a severance fund for part-time workers. When the contract expired Oct. 31, the disputants were deadlocked.

In January, the office workers asked strike sanction against nine unions. The labor council, in a closely divided vote, turned down the sanction.

Subsequently, all except the retail clerks settled by granting the office workers a 12-cent-per-hour across-the-board raise, dodging the severance fund issue.

The retail clerks employ one full-time office clerk. She formerly was a member of the office workers union. She now dropped out of that union and joined the retail clerks.

The office workers contend this was a dodge to keep from raising the girl's pay.

Only statement forthcoming from retail clerks president Ross Miller today was a cryptic: "We have no dispute with the office workers; they have a dispute with us."

Said Scott of the painters: "Our phone has been ringing constantly. This is a mess, having pickets in front of our hall. We have no dispute. If it continues, we may have to ask the retail clerks to move."

The committee report noted further that if secession takes place, Novato residents still will be obligated for the outstanding bonded indebtedness incurred by the county district prior to last Oct. 17, the date the exclusion petition was filed.

Directors decided last night to take no active part in the exclusion proceedings or election "other than to the extent required and permitted by law."

But they agreed the committee report should be disseminated because, as Director Charles A. Rowe put it, "these are facts the people should be aware of."

Members of the committee are Director William H. Thomas, chairman; Hospital Administrator S. Ames Pence, Rowe and Riede.

Otherwise, California should enjoy continued fair weather aside from coastal overcast.

The five-day forecast, through next Monday, said no further rain was foreseen for California after tomorrow's storm passes.

Reed Trustees Arrive At Tentative Budget

Heeding a warning by Board Chairman Erwin Farley to "try to knock some cents off the present $2.10 tax rate" Reed Union School District trustees last night came up with a tentative balanced budget, with $22,000 in reserve funds.

Trustees approved hiring a librarian to handle the 2,000 books owned by the district and "properly educate the children in use of books."

Supt. Paul R. Stouffer, Trustees Ahleen Tresnon and Alfred J. Azedevedo held that "It would be a waste of tax dollars and time if we didn't hire a librarian."

The librarian's salary would be approximately $5,600 to $5,800 annually. The district should also spend $2 per child for additional books and $500 for supplies, Stouffer said.

Trustees decided to use four Greyhound buses exclusively next year for transportation of children, to avoid the purchase of a new $14,000 school bus. Cost to the district would be $800 more in operating funds, but $14,000 in capital funds would be saved.

"Our present three bus drivers would be released for custodial duties, eliminating the necessity of hiring additonal maintenance men which we need," Farley said.

Trustees approved a motion by Farley that a new budget be prepared to include a 2 per cent salary increase for the teaching staff, and a high priority for the $3,000 turfing project at Reed School.

Trustees set May 12 as the date of the next budget discussion.

Trustees also decided to change their meeting nights to the second and fourth Tuesday of each month. Previously, meetings were held on the second Monday and fourth Tuesday.

Auto Being Pushed Hit; Man Injured

Edwin S. Durham of 55 Hillside drive, Mill Valley, was being treated today at Kaiser Foundation Hospital in San Francisco for a right leg fracture suffered in an auto smashup on Highway 101 at the Marin City underpass.

Durham's car and one registered to Marcel LeCam of 853 Pine street, Novato, collided at 1:45 a.m. today as the LeCam auto was being pushed along the highway.

The LeCam car was being driven by Jules George Williams of Hamilton Air Force Base when it stalled, the California Highway Patrol said. CHP said Williams was pushing it along the shoulder of the highway when it rolled crosswise into the line of traffic. Durham's southbound car struck the LeCam car.

Durham, who also suffered cuts and bruises, was first taken to Marin General Hospital by Marin Ambulance, and was later transferred to San Francisco. Williams was not injured.

Ehlen Blasts Protests On Koenig Vote

John B. Ehlen, Sausalito city attorney, today blasted the contention that City Councilman John E. Koenig Jr. is involved in a conflict of interest in voting on sub-lease of the city-owned sandspit for commercial development.

Ehlen, in a letter to Lawrence Livingston Jr., landscape architect who was one of 13 signers of a letter of protest to the city council against the sublease, conceded that Koenig received $3 to $4 a year from Madden and Lewis, lessees of the sandspit, for insurance on the portion which is to be sub-let.

"This infinitesimal interest," wrote the attorney, "calls for the application of the oftenquoted maxim, 'de minimi non curat lax'—the law disregards trifles."

Ehlen attacked the conflict of interest argument, saying: "The Simon-pure but completely impractical rule would . . . require that no councilman may own property in his own town . . .

"I know of no public policy that requires that public officers may not properly vote in matters that affect them personally as remotely and indirectly as the Madden and Lewis insurance policy affects Mr. Koenig."

Disposition of the proposed sublease is scheduled to come before the council at its May 5 meeting.

Assembly Votes To End Fair Fund

SACRAMENTO (AP)—Gov. Edmund G. Brown's bill to abolish the special State Fair and Exposition Fund cleared the Assembly today with bi-partisan support. The vote was 56-20.

The measure by Assemblyman Thomas M. Rees (D-Los Angeles) now goes to the predominantly rural senate, where it faces a tougher fight.

The measure would transfer the $5,600,000 now in the fund to the state general fund, and put the state fair and county and district fairs under Legislative budget control in the future. The fairs get a major cut of the state's horse-racing revenues.

Home Designs Discussion Set

A public informal discussion of tentative designs for homes in the redeveloped portion of Marin City is scheduled for 8 o'clock tonight in the Marin City Community Lounge, according to Mrs. Doris Rochelle, secretary of the Marin City Tenants Council.

Vernon Demars and Donald Patterson Reay, project architects for developer James C. Scheuer, will be present to explain plans and designs, Mrs. Rochelle said.

Measure To Speed Vote Count Passed

SACRAMENTO (AP)—A bill to permit mechanical or electronic vote counting in all California's counties went to the governor yesterday.

The Assembly approved technical Senate amendments to the measure by Assemblyman Robert W. Crown (D-Alameda). Only Los Angeles County now is authorized to count votes electrically.

were collected at Marinwood over the past weekend.

Meanwhile, the Marin County Board of Supervisors expected to make a decision Monday on whether the county will oppose annexation. The Dixie district requested county support.

The San Rafael City Council will hold a public hearing on the matter at 8 p.m. Monday.

Big Changes In Assessment Laws Sought

SACRAMENTO (AP) — Far-reaching legislation to overhaul California's property assessment laws was proposed today by Assemblyman Glenn E. Coolidge (R-Felton).

Coolidge, who headed a Senate-Assembly committee study of the problem, introduced a constitutional amendment and a series of implementing bills.

Together they would provide a new yardstick in the troublesome dispute between the state and the 58 counties on assessment practices which determine property tax rates.

The measures accept the findings but reject the recommedations of the two-house committee.

Utilities would be assessed by the state at 50 per cent of market value and local property would be assessed by the counties at 25 per cent.

Railroads and non-operating property, mostly railroad would be scaled at 25 per cent, shifting some 12 million dollars in taxes to the other property taxpayers over a five-year period.

Hearing Set On Lang Project

The Marin County Board of Supervisors yesterday set for 2 p.m., May 19, a public hearing on the application by Rudy Lang Jr. for rezoning 10 acres near Novato for planned commercial use.

Lang, representing Montgomery Investment Corp., last week won approval of the change from limited agricultural use from the Marin County Planning Commission.

The property is located near the intersection of Highway 101 and South Novato boulevard. Lang plans a multi-million-dollar development to include a 250-unit motel and a 40-lane bowling alley, according to plans presented to the planning commission and supervisors.

Marin's Mayors Meet Tonight

Discussion of possibility of city-county government for Marin is one of the tentative agenda items for tonight's meeting of the Marin Council of Mayors at Sausalito's Alta Mira Hotel at 7 o'clock, according to host Mayor Howard Sievers.

The plan has been talked of by the League of California Cities for some time.

Other items tentatively scheduled for discussion are a countywide civil defense operational plan and organizational procedure for the mayors' group.

Air Force Shoots Film In San Rafael

The street in front of San Rafael City Hall was blocked off briefly today to allow the filming of an Air Force training movie.

This morning shot showed several recruits leaving the city hall to enter an Air Force bus from Hamilton Air Force Base. The film will publicize the services the Air Training Command has to offer. It will be in color and will be used primarily for Air Force training and recruiting.

Planners Revoke 2 Old Use Permits

Mill Valley planning commissioners last night revoked two previously approved use permits which have lain idle and unused for more than a year.

One was held by auto dealer Herb Shapiro for construction of a proposed auto salesroom at the outer end of Miller avenue extension. The second was held by Bert R. Randolph, for construction of a proposed auto salesroom and garage on East Blithedale avenue and the Northwestern Pacific railroad tracks.

A portion of the building planned by Randolph was constructed last year and is now occupied by T. J. De Lasaux as a retail liquor store.

OBITUARIES

Ralph Curtis Dies At 66 In Belvedere

Ralph Guild Curtis, one of Belvedere's best-loved citizens, died yesterday afternoon, apparently of a heart attack, while preparing his boat to go sailing.

He was 66.

Semi-retired for two years, Curtis spent many an afternoon in his Wood Pussy sailboat on the Belvedere Lagoon. He collapsed in the boat yesterday just as he prepared to shove off from the dock of his lagoon home at 30 Cove road.

From his home frequently flew the flag of Hawaii, the territory where he was born in 1892, and a cocktail flag inviting neighbors and fellow sailors to partake of the hospitality for which his home is noted.

Curtis was a member of a pioneer Hawaii family. The town of Kurtistown near Hilo on the island of Hawaii was named after his father, A. G. Curtis, who was postmaster and general store owner there. He lived in Hawaii until his late teens, when he came to the United States.

For 35 years he was in the parking garage business. He was the retired owner of the A. G. Curtis Corp., which at one time owned a chain of downtown San Francisco parking garages.

He was also an active member of the Belvedere community, where he moved from San Francisco in 1951. He was a director of the Belvedere Lagoon Property Owners Assn., and in 1957 served as commodore of the Belvedere Sailing Society, a small boat association of Belvedere residents who sail on the lagoon.

At the time of his death he was a city planning commissioner.

Said Planning Commission Chairman George Goddard today: "We're going to miss him. He was a very moderate guy, but he took a strong stand when it was needed, and that's unusual these days."

A member of the St. Stephen's Episcopal Church of Belvedere, he was a former vestryman and treasurer of St. Francis Church in San Francisco. He was past master of Elcelsior Lodge No. 166, F&AM, a member of the San Francisco Rotary Club, Commonwealth Club of California, Olympic Club, San Francisco Yacht Club and a vice president of the San Francisco Garage Owners Assn.

Curtis is survived by his wife, Sally, a son, Russell Guild Curtis, owner of the Yap Trading Co. on the island of Yap in the Caroline Islands; a sister, Mrs. Edna Curtis Halls of Honolulu, and a stepdaughter, Miss Janet Aitken of San Francisco, a lawyer in the district attorney's office in San Francisco.

Private funeral services are pending at Russell and Gooch chapel in Mill Valley.

The family has requested memorials be in the form of contributions to the Marin Society for Crippled Children and Adults.

Orrin E. Finch Services Set For Tomorrow

Funeral services for Orrin Ernest Finch, 55, of San Rafael, who died unexpectedly of a heart attack Monday while undergoing an examination in a physician's office in San Francisco, will be held tomorrow in Suisun.

Finch retired two years ago as a salesman for Zentner and Levy Co. of San Francisco. Earlier he had been sales manager for 15 years for Lambert Marketing Co. of Sacramento. He had been employed part-time as an accountant since retirement.

He and his wife, Sonoma, moved to San Rafael four years ago from Sacramento, residing at 756 Pt. San Pedro road.

He was a charter member of the Trade Club of Sacramento.

He is survived by his wife; four sons and a daughter, Donald and Susan Finch of San Rafael; Orrin F. Finch of Sacramento; Kenneth Finch of Berkeley, and Leland Finch, who is in Germany with the Army; his mother, Mrs. Bertha A. Finch of Suisun Valley; two brothers and two sisters, Kenneth M. Finch of Suisun Valley, Wilbur A. Finch of Sacramento, Mrs. W. C. Goossen of Vallejo, and Mrs. Norman Bennett of Fairfield, and four grandchildren.

Services will be held at 2 p.m. at the Hansen-Bryan Funeral Chapel in Fairfield, followed by interment in the Rockville Cemetery.

Sacramento Bishop To Speak Here

Guest speaker at a special dinner tomorrow for men of the Episcopal Church's Marin Convocation will be Rt. Rev. Clarence R. Haden Jr., bishop of Sacramento.

The dinner, to which all Episcopalian men in the county are invited, will be held at 7 p.m. in St. Paul's Church, San Rafael. Sponsoring group is the St. Paul's chapter of the Brotherhood of St. Andrew, a men's organization of the church.

Bishop Haden was elected two years ago to his post in the diocese which includes the entire northern third of the state.

Reservations for the dinner may be made with Bob Fulcher, Robert Allison or Byron Leydecker.

'Hire Vets' Week Set In County

Next week, Sunday through May 9, has been proclaimed "Hire a Veteran Week" by the Marin County Board of Supervisors, to encourage employers to give priority to veterans.

"In meeting the test of war, these men and women sacrificed much," declared Walter R. Castro, board chairman. "At the present, many of our veterans are unemployed, despite recent economic improvements."

Elmer H. Homo, manager of the San Rafael office of the state Department of Employment, and Irving F. Blabon, chairman of the Marin County Veterans Employment Committee, reported the employment office has 425 veterans registered for work, despite a priority system favoring veteran applicants.

The abilities of veterans and their potential for employment will be the subject of a broadcast by radio station KTIM at 11 a.m. Monday, when Kitty Oppenheimer interviews Blabon and John D. Harding, veteran's employment representative at the state employment office.

There are now three De Molay chapters in Marin County: In San Rafael, Novato and Mill Valley.

Mosk Shifts Chief Aide To Lesser Job

SAN FRANCISCO (UPI)—Atty. Gen. Stanley Mosk announced today he has removed Clarence A. Linn of San Francisco from his $18,000-a-year job as chief assistant attorney general in charge of criminal law and enforcement.

Linn was reassigned as a $16,800-a-year assistant to be in charge of major investigations.

He will direct investigations of alleged irregularities in the state Division of Collection Agencies and of alleged improper lobbying activities.

Linn has been temporarily replaced as chief assistant by Arthur Sherry, University of California law professor who held the job in 1952-53. Sherry is spending six months reviewing administration procedures in the attorney general's office.

The investigation of collection agencies followed a report by the Senate Judiciary Committee charging that a state employee had accepted gifts from the agency.

The lobbying inquiry was requested by Assemblyman Myron H. Few (D-Dinuba), chairman of a committee on lobbying.

School Expansion Bids To Be Called

Bids will be called tomorrow evening for the first major expansion of Santa Venetia School, which will eventually become a junior high school.

The San Rafael Board of Education will meet at 215 Mission avenue at 5:15 p.m. to call for bids on two buildings, estimated to cost between $165,000 and $188,000.

One building, to the right rear of the present school, will house two classrooms, arts and crafts, and homemaking. The other, to the left rear, will be a locker room building.

Under a master plan designed to convert the school into a junior high, a gymnasium or play pavilion is proposed in the next stage of construction.

Church Holding Evening Series

A new series of Wednesday evening meetings called the "Christian Education Hour" is being conducted as the First Baptist Church of Mill Valley at 7:30 o'clock, according to Rev. Carl Burton Jones, pastor.

Tonight's subject will be "How to Lead a Person to Christ" with Rev. E. L. Rasmussen, director of child evangelism for Northern California, as guest speaker.

Each meeting is opened by a "how to" Bible study on the Epistle to the Phillipians conducted by Rev. Jones.

State Flood Aid Sought For Tam Valley

I-J Special Report

SACRAMENTO—State aid in correcting flood conditions in Tamalpais Valley is being sought by Marin Sen. John F. McCarthy.

McCarthy said today he has prepared an amendment for the state budget bill which would provide $325,000 for purchase of property, easements and rights of way for a flood control project on Coyote Creek in the valley. The state funds would augment $400,000 construction funds already pledged by the Army Corps of Engineers for construction of the project and an estimated $30,000 which residents of the area would have to raise through a flood control district.

McCarthy said the state funds would be furnished under the Flood Control Act of 1946 and would be available until June 30, 1962.

McCarthy will try to insert the sum in the budget during subcommittee hearings now under way. The budget has not been called for full committee hearing in either house of the Legislature as yet.

Brete Harte Residents Protest Apartments

A delegation of residents from the Bret Harte area, armed with a petition signed by 253 persons, opposed apartment zoning in their area at last night's meeting of the San Rafael Planning Commission.

Henry Ghilotti wants to build apartments on about four acres just west of Irwin street near Bret Harte Park, between Bret Harte Meadows and Bret Harte Heights. The area is zoned for single family dwellings.

Wallace Marshall, representing the Bret Harte home owners; Dr. Robert Clarke, chairman of the Bret Harte Heights Assn., and several other individuals protested vigorously on several grounds, including:

Irwin street is already too narrow for safety and has dangerous hairpin turns. Apartments would create a serious hazard. Children playing in the Bret Harte Park area would be endangered.

Bret Harte has always been "first residential." Bret Harte Heights is zoned for single family homes with 20,000 square-foot lots. Apartments would upset the first class pattern of homes.

The people were led to believe there would be no denser zoning. That "promise" should be kept, the spokesmen declared.

Ghilotti, the developer, was not present at last night's first public hearing. The second hearing is set for May 12.

Ghilotti's attorney, Roderick P. Martinelli, showed up about 9 p.m. after the hearing was over. He announced he had been told by someone at the planning office that the hearing would probably start around 9 o'clock. Martinelli said he plans to attend the second hearing to explain Ghilotti's plans.

Muir Woods Assn. Festival Saturday

The Muir Woods Park Assn. Spring Festival will be held Saturday afternoon at the group's clubhouse off Panoramic highway with directions to residents to "follow the flying fish to a fun-filled afternoon."

Under joint chairmanship of Glady Janoff, Stella Winn and Maryanne Del Secco, the afternoon's festivities include serving of food and games for adults and children. There will be plants for sale as well as paintings and ceramics by local artists.

The event is being staged for benefit of the club's building fund and is slated to run from 1 p.m. until sundown.

Tiburon Cove Developments To Be Studied

Master plans of two Tiburon Cove yacht harbor developments will be unveiled before the county planning commission at 4 p.m. Monday at the first of two public hearings.

Both hearings will be held at the county office building at 1711 Grand avenue, San Rafael. The second is scheduled for May 18.

Corinthian Yacht Club of Tiburon has submitted plans for a breakwater, berthing floats for 68 boats and a 40-car parking lot.

The planning commission will also consider plans promised by Milton Tonini of Ross for a 90-berth boat harbor.

Tonini's plans have already been submitted to the Army district engineer in San Francisco, who is guardian of the public rights of navigation.

The Tonini frontage is along Paradise drive from Main street to the Northwestern Pacific ferry slip. He proposes to construct a bulkhead on the railroad's property from Mar West street toward the Tiburon Cove.

The plans show shops, apartments, a restaurant and fueling dock around the small craft harbor.

SCHOOLS WEEK FEATURE

Dedication Tomorrow For Redwood High

Redwood High School's two-million-dollar school plant will be formally dedicated tomorrow at a one-hour ceremony in the school gymnasium, starting at 7:30 p.m.

The ceremony will precede a Public Schools Week open house at the new school, which opened last September on a filled site at the Larkspur-Corte Madera boundary in the marshland near Highway 101.

Keys to Redwood high will be presented to Howard I. McGill, chairman of the Tamalpais Union High School District board, by Harold M. Engle, the district's engineer.

The school's brief history will be recited by Jefferson Daly, a senior student from Kentfield. Daly was student body president during the first semester last year.

Terry Reilly, current student body president, will lead the flag salute, after which the Redwood high band will play the National Anthem.

Chester G. Carlisle, district superintendent, will introduce the five members of the board of trustees and the architects, Carl Gromme, Thomas Mulvin and Ralph Priestly, as well as Engle and officials of Midstate Construction Co. and Henderson Construction Co., which built the school.

McGill will deliver the dedication address after receiving the keys from Engle.

Musical numbers, "Bless This House" and "These Things Shall Be," will be offered by the school's a cappella choir, directed by Arthur Wigell. The band, directed by Sidney Gordon, will play before and after the program.

Principal Donald Kreps will introduce the many exhibits to be shown in the school classrooms in connection with Public Schools Week.

The demonstration will be held adjacent to the ferry slip.

County Planners To Study New Marinwood Tract Map

A tentative map of Marinwood No. 7, a 60-acre subdivision next to Bernard Hoffman School in Marinwood, will be considered by the county planning commission at 2 p.m. Monday.

The proposed subdivision contains 158 lots. It is part of an ultimate development of 291 new homes planned by Heers Brothers, Inc., of Riverside at a cost of more than two million dollars, said Lance Patrick, project coordinator. Work on 21 already approved homes began in January.

The new Marinwood unit is planned for a northward extension of Las Gallinas avenue. Minimum lot size is 7,500 square feet. Street construction shown conforms to county standards. Sewage disposal would be provided by the Gallinas Valley Sanitary District and water by the Marin Municipal Water District.

A public hearing on a second Marinwood subdivision map, this one submitted by Marinwood Bulders for Marinwood No. 2-F, is scheduled for Monday afternoon before the planning commission.

The proposed subdivision of 16 homes on a 14-acre property is next to Highway 101 and Marinwood Units 1-E, 1-F, 1-G, 2-D and 2-E.

A public hearing Monday afternoon is scheduled for a five-acre Novato subdivision of 21 lots at Simmons and Leese lanes. All lots are planned for single-family dwellings. The subdivider is Desco-Novato, Inc.

The hearings are held in the county office building at 1711 Grand avenue, San Rafael.

Auto Insurance Plan Approved

SACRAMENTO (UPI)—State Insurance Commissioner F. Britton McConnell has given his personal blessing to a "safe driver" automobile insurance plan unveiled nearly a month ago by two insurance rating bureaus.

He told Gov. Edmund G. Brown the plan would not result in "injury to the interests of the insurance-buying public."

Brown had asked McConnell for an opinion on the plan which the rating bureaus said would reward the careful driver by giving him low rates while hitting the bad driver for higher tariff.

College Schedules Exam For May 9

The "Subject A" examination required of all students entering College of Marin will be given May 9 at 9 a.m. in Room 96, Olney Hall, on the Kentfield campus.

Paul Clymer, college vice president, said the scheduling next month offers prospective September enrollees an opportunity to complete the requirement early. The examination will be given again in late summer.

FINANCIAL CRISIS

Michigan Employees Go Without Payday

LANSING, Mich. (AP) — The state of Michigan, unable to solve its ready cash problems, is passing up this week's pay days.

Among the 325 state-salaried workers to go without pay checks will be the 144 state legislators who in four months have failed to solve Michigan's fiscal emergency.

Democratic Gov. G. Mennen Williams, at loggerheads with the Republican-controlled Legislature, announced yesterday that funds were lacking and this week's $100,000 payroll would not be met.

Also to be out of pocket temporarily are the state's eight Supreme Court justices and all its circuit court judges, as well as legislative staff members.

A five-million-dollar payroll for 28,000 state employes is due May 11. Williams had no comment on this.

The governor's move followed a new deadlock in the Legislature.

At a caucus, majority Republicans of the state Senate refused to go along with a Democratic plan to liquidate the 50-million-dollar veterans trust fund unless a one-cent increase in the 3 per cent state sales tax was tacked on to the bill.

Williams, who has been mentioned for the 1960 Democratic presidential nomination, termed the situation a "disaster of the first magnitude" and said it was impossible to get cash in time for this week's paydays. Blaming Republicans, he said he would try to "hold the damage to a minimum."

Merced Approves School Tax Hike

MERCED (UPI)—Merced Union High School District will be able to open its new El Capitan High School here this fall after all.

District voters balloted 4,126 to 3,867 yesterday in favor of a proposal to boost the basic tax rate of 75 cents to $1.35. A similar 60-cent hike proposal was defeated by 97 votes last February.

Two years ago, the voters approved a $3,500,000 bond issue for construction of the El Capitan school, plus another new institution in Atwater. However, a tax boost was necessary to finance operations of the El Capitan school because the district's reserve funds were nearly exhausted.

Reserve Officers Seek Marin Site For Convention

Marin members of the Reserve Officers Assn. of the United States will be in Los Angeles this weekend to make a bid to hold the 1960 state convention in Marin County.

Delegates from Marin include Lt. Col. and Mrs. Carl Webber and Lt. Col. and Mrs. Daniel G. Cook of San Rafael; Lt. Col. and Mrs. Aaron Rucker of Kentfield; Lt. Col. and Mrs. Robert Paine of Mill Valley; Maj. and Mrs. Andrew Bahr and Mrs. William Damerow of Corte Madera, and Lt. Cmdr. and Mrs. Donald Carpenter of Strawberry.

Mrs. Robert Paine, president of the Marin Chapter of Reserve Officer Auxiliary — Ladies, will make a bid in behalf of her organization, Colonel Webber will make the invitation in behalf of the reserve officers chapter.

If the convention comes to Marin next year, the headquarters will be at the Bermuda Palms Motel in San Rafael.

Anti-Burglar Week

Mayor Arthur W. Smith of San Anselmo has issued a proclamation designating the week of May 3-9 as "Burglary Prevention Week," urging the community's residents to "take cognizance of special events arranged for the purpose of making precautionary measures more widely employed."

CIRCUS IS COMING TO S. F.

Known as the royal family of the circus ring, the George Hanneford bareback riders demonstrate their mastery of equestrian acrobatics in the San Francisco Knights of Columbus-Polack Brothers Circus, scheduled May 13-17 at the San Francisco Civic Auditorium. Circus proceeds will be devoted to the Knights of Columbus Mentally Retarded Children's Foundation.

Lions Name New Slate

Dr. Martin M. Brownstein, Sausalito dentist, has been nominated as president of the Sausalito Lions Club to succeed Fire Chief Mathew J. Perry.

Nomination is tantamount to election.

Others nominated were James M. Bellino for first vice president; Dr. Irving Igdaloff, second vice president; Manuel Pasquinucci, third vice president, and Irvine T. Lowe, secretary. Frank Bosl was nominated for a new term as treasurer.

Election will be held at the May 11 meeting, with installation June 27, according to outgoing President Perry.

The traditional outgoing president's barbecue will be held at Perry's home June 8. The annual picnic for Sausalito Lions, their families and guests will be July 12 at the Vincent Maggiora summer home in Cloverdale.

Francisco Extension To Open Tomorrow

An extension of Francisco boulevard toward the Marin Rod and Gun Club will open to traffic tomorrow afternoon, Vincent Yoder, resident engineer for the state Division of Highways, announced today.

The extension is designed as frontage road for State Route 17—the Richmond-San Rafael Bridge link. It runs from Irene street toward the Rod and Gun Club.

Yoder suggested that persons driving to San Quentin Prison or the bridge from San Rafael can hereafter use the frontage road to avoid the necessity of getting onto Highway 101 to reach Route 17 via the interchange structure.

Bellam boulevard, a link from Bret Harte, opening of which was announced for today by B. W. Booker, assistant state highway engineer, will not be open for another week, Yoder said.

Antonelli To Open Pittsburgh Series

PITTSBURGH (AP) — Reports that Manager Bill Rigney considerers recalling Dusty Rhodes, the Giants' star of 1954, from Phoenix emphazizes the weakness of the '59 San Francisco bench.

Pinch-hitters have made 17 trips to the plate with a total production of one hit, a far cry from 1958 when the manager would single out a big batter and he almost invariably delivered in the clutch.

Rhodes went from San Francisco to Phoenix before the start of last season. He is showing strong hitting for the Pacific Coast League entry and might make it back to the varsity.

The Giants hope tonight to open a two-night stand in Pittsburgh after their scheduled pair in Philadelphia were rained out. Lefthander Johnny Antonelli was expected to get the starting call in search of a fourth victory without a defeat. Right-hander Ron Kline (0-1) goes for the Pirates.

After Pittsburgh comes a trip to Milwaukee where Rigney hopes to have ready his pitching big three of Antonelli, Jack Sanford and Sam Jones.

MISS 'JABBO'

In acquiring Jones, the Giants lost one of the dependable pinch hitters of 1958, Ray Jablonski who recently blasted a homer for his new club, the St. Louis Cardinals. Left-handed hitting Whitey Lockman went to Baltimore via sale, further depleting the bench strength.

Willie Kirkland, Leon Wagner and Bob Speakes, all lefthanded hitters, haven't come through yet in pinch hit roles. Neither has big Hank Sauer who hits from the right side.

Observers believe a rush call for Rhodes may come soon. Dusty came through in the clutch time after time as the Giants surprised by winning the 1954 pennant and his homers in pinch-hit roles helped the club sweep the World Serier from Cleveland.

He is 31 now and never was any great shakes as a fielder, but a few timely hits could make a big difference to the San Francisco club.

HANLEY'S REPORT

S. F. Outfielders An Amazing Trio

By JACK HANLEY
I-J Correspondent

PITTSBURGH — Bill Rigney's prediction about the Giant outfield, made two months ago in Phoenix during spring training, sounds almost prophetic today.

"This outfield has such speed that a ball may never touch the ground on them," said the Giant manager.

Rigney, of course, was referring to the incomparable Willie Mays in center and Mays' flankmen, Jackie Brandt to the left and Felipe Alou to the right.

What Rigney meant was that one of the three speedsters would catch every ball hit to the outfield provided it was within racing reach and not out of the ball park.

And that is precisely what has been happening. Any game thus far played by the Giants might be used as an exmaple to prove this. But perhaps the extra inning session won by the Giants in the 11th last Friday in Wrigley Field against the Chicago Cubs is the best bit of evidence.

Each member of the antelope outfield came up with a game-saving play, Brandt and Mays with superb catches, Alou with a great throw.

FIRST, IT was Brandt. In the seventh inning, with Lee Walls on first, thanks to a walk and none out, Brandt raced to within five feet of the left field foul line to make a back-handed catch of a line drive by the hard-hitting Ernie Banks. It was the kind of hit that definitely had double labeled on it and would have scored Walls when the Cubs needed two runs to catch up with the Giants who were leading 3-1 at the time.

Next, it was Mays. Dale Long started off the top of the ninth of the extra inning affair with a walk. George Altman, the six-foot-four Cub rookie center fielder, blooped one to short center field. Mays sped all of 30 yards to make a shoe-string catch.

That, and Mays' next routine catch of pinch-hitter Rufe Marshall's center field fly, were big outs in the ninth because of what subsequently developed.

TONY TAYLOR, the Clubs' hard-to-get-out leadoff man who says a little prayer every time he comes to bat, topped a bunt down the third base line and was safe, moving Long to second. Al Dark then laced a hit to center, scoring Long. Taylor beat Mays' throw to third and Dark went to second on Mays' attempt to catch Taylor.

With men on second and third, the next Cub batter was Lee Walls and he walked, loading the bases for a dramatic situation that sent Cub fans into shouts of ecstasy because the next batter was the serene-looking Mr. Banks, a deadly man against any pitcher.

Banks lined one down the right field foul marker in fair territory, easily scoring Taylor, but Dark was thrown out at the plate by Alou—the third fine play by the Giant outfield in this game and perhaps the best.

That throw of Alou's was the subject of considerable discussion Monday night in the lobby of the Warwick Hotel when the first game with Philadelphia was rained out. Did Alou's throw come in on one hop or was it all-the-way to Giant catcher Bob Schmidt?

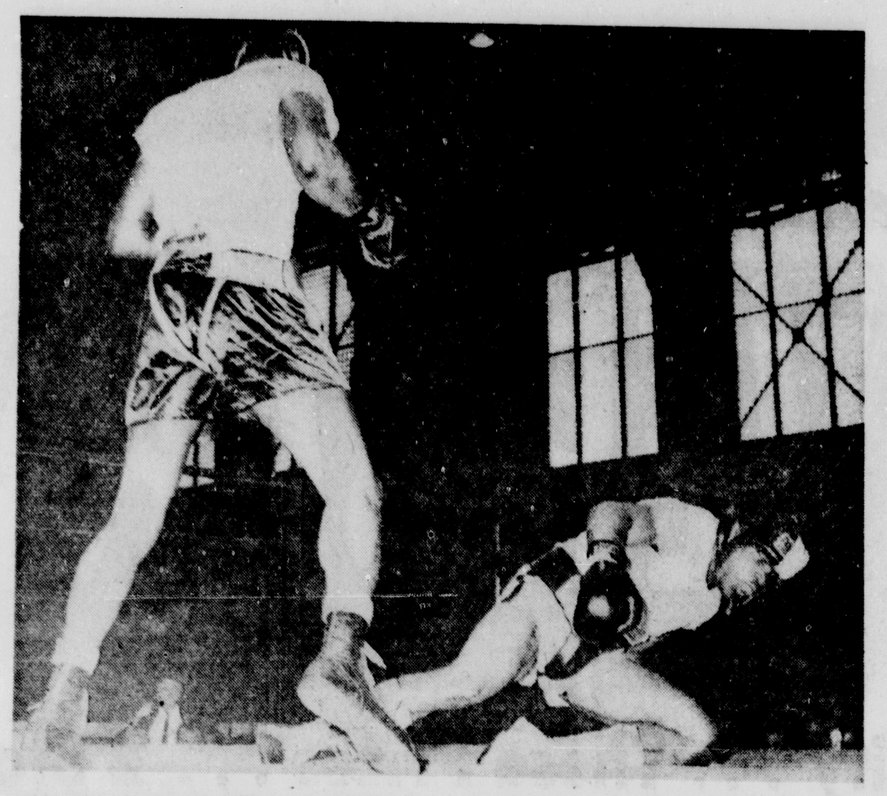

EVEN SMITTY could not remember. He seemed to think it was a one-hopper. But Frank (Doc) Bowman remembered Alou's throw.

"It was all the way—a perfect strike—on the fly," said Bowman when questioned about it by Eddie Stanky, St. Louis Cardinal personnel director and scout who was in the city of brotherly love to get a line on Philadelphia.

Stanky found it difficult to believe that Alou could throw from right field to the plate on the fly and bet Bowman $1 he was wrong.

Bowman collected the bet and still has Stanky's $1 which he says:

"I intend to frame."

CHAMP ROUGH ON SPARRING PARTNERS — Heavyweight champion Floyd Patterson steps back after dropping sparmate, Ike Thomas, to the canvas in training session yesterday. Patterson will defend his heavyweight title against British boxer, Brian London, Friday night. (AP Wirephoto)

TITLE FIGHT

Challenger Impressive In Workout

INDIANAPOLIS (AP) — Does Britain's Brian London have any kind of a chance to take away Floyd Patterson's heavyweight title Friday night?

The odds makers (10 to 1) say no. The experts from Britain and the United States say no. But London's right hand booms out a yes.

We had our first look at the six-foot, 205-pound British husky in action yesterday. We were surprised by his style and the speed of his punching, especially with right uppercuts and straight rights.

The former British champion is supposed to be a brawling, American-type battler with little finesse. That's not what we saw, although you can't go by a two-round boxing workout.

SOLID RIGHTS

London fights mostly from a stand-up, flat-footed stance. He does very little crouching. He doesn't bore in but he moves in swinging. He has a fair jab but unloads his rights to the jaw with more than average ability for a big man.

He is fully aware that Pete Rademacher and Roy Harris dumped the champion with rights to the head and hopes to do the same.

"I'm a good finisher," said Brian, "and if I get him down I think I can keep him there. But of course I'll have to nail him first."

The 24-year-old Blackpool native finished up his hard training in the two-round drill with Dusty Rhodes of New York. Rhodes, a one-time sparmate for Patterson, did very little but offer a target.

WEILL IMPRESSED

London's punching impressed Al Weill, who guided Rocky Marciano to the world championships.

"London is better than Don Cockell was when he fought Marciano (Marciano stopped Cockell in nine in 1955) and he's got a real good chance," said Weill.

"He must be a pretty good puncher to score 19 knockouts in 26 fights and I don't care what kind of guys he fought."

Patterson looked real sharp in his final three-round boxing practice, especially in the first round with Ike Thomas, another slow-moving human punching bag. The 6-foot, 182-pound champ stung Ike with left jabs, jarred his head with two, three, and four punch combinations, and then dropped him with a left hook to the jaw.

NORTH BAY BASEBALL

Vallejo Edges S. R. To Stay Undefeated

A squeeze bunt with one out in the last half of the eighth inning gave Vallejo High School a 9-8 victory over San Rafael's Bulldogs yesterday and enabled the Apaches to complete the first half of the North Bay League baseball schedule with an undefeated record.

Catcher Bob Hannum, who clouted a three-run triple earlier, laid down the squeeze bunt in the eighth that scored Bob Campo with the winning run. Campo opened the eighth with a single, went to second on a stolen base and to third on a throwing error.

The win was Vallejo's seventh without defeat and kept the Apaches a game ahead of the Tamalpais Indians who won their sixth game against a single loss on Monday, 10-5 over Santa Rosa.

In other action yesterday Drake outslugged Redwood, 9-4 at San Rafael's Albert Field and Napa clobbered Montgomery 9-0 behind Bill Robertson's one-hit pitching.

San Rafael, which outhit Vallejo, rallied for two runs in the seventh inning to force the game into overtime. The Bulldog batters were led by John Spadoni with a triple and double, Mike Cicero with a triple and single, Rich Curry with three singles and Rod Tivel with a pair of solos.

Tam's victory Monday was paced by Ron Slack who drove in three run swith a double and single. Dave Broome drove in two markers with a pair of singles while Paul Turncrantz singled home two more runs for Coach Ray Bell's title-minded crew.

The Indians stole seven bases in eight attempts, bringing their seven-game NBL sack-swiping record to 50 out of 57 attempts.

Former Little League hero Vince Pallavicini paced Drake's 10-hit assault on Redwood with three singles while John Larkin contributed a pair of safeties.

Freshman Steve Joses blasted a triple for Redwood.

Mackin Wins By Knockout In Comeback

Oakland welterweight Lyle Mackin ended a two-year "retirement" last night by knocking out Julian Valdez of Vallejo in the third round of a scheduled 10-rounder at Richmond auditorium.

It was Mackin's 10th knockopt and 14th victory in 15 fights. He quit boxing in 1957 after suffering his only loss.

The Oakland fighter dropped his opponent for an eight count in the second round with a right to the head, then came back in the third to put Valdez down for the full count with a left hook to the jaw.

Mackin came in at 148 pounds to 147 for Valdez, who now has a 9-11-2 record.

The preliminaries:

John Bermudes, 129, San Francisco, drew with George Page, 135, Sacramento (6); Willie Moon, 164, San Francisco, tko'd Allen Loretz, 160, San Francisco (2); Joe Boyd Charles, 140, Richmond, ko'd Little Bobo Olson, 143, Richmond (2); Julio Lau, 128, San Francisco, tko'd Maxie Telles, 128, San Francisco (3).

Cal Grid Highlights At Redwood Tonight

Members of the Redwood High School Varsity Club will see films of University of California football highlights of 1958 at their dinner meeting tonight.

The meeting will be held in the Home Economics Room at the high school starting at 6:30 o'clock.

NO SOLID FAVORITE

Trials Indicate Wide-Open Derby

LOUISVILLE, Ky. (AP) — It seems sure now that the 85th running of the Kentucky Derby Saturday isn't going to produce a heavy favorite among the bettors.

Three prime reasons show up today:

1. The eye-catching filly Silver Spoon definitely will run in the mile-and-a-quarter classic at Churchill Downs barring injury.

2. Yesterday's Derby Trial, expected to cut into the big crowd hoping for a chance at the $125,000 added money and the gold cup, failed to produce a top heavy winner.

3. The status of two top contenders feared out of the race has improved.

First Landing, last year's champion 2-year-old, won his division in yesterday's trial, but had to fight off powerful stretch bids by Carrie C. Hillock's Quantrell, who finished third, and K. G. Marshall's John Bruce, a very fast closing second.

Open View from Elkcam Stable showed his Derby qualifications by running a mile in 1:35 3-5 in the first division. It was the third fastest trial in history and 3-5 of a second better than First Landing's.

California Derby winner Finnegan battled Open View down to the wire, but lost by a head. Royal Orbit was only another three-quarters of a length away.

Rico Tesio placed fourth after a bumping battle between the Briardale Farm colt and Troilus, one of the brighter lights in the derby field. Troilus finished fifth.

Cain Hoy Stable's Hoist Away and Llangollen Farm's Mosby were declared out of the derby after the first division.

Bernmattar, Steno Bill and Master Palynch came out as very doubtful starters.

A 3-year-old filly became a sentimental favorite when owner C. V. Whitney announced Silver Spoon will run Saturday. Only one filly—Regret in 1915—has ever won the derby.

Easy Spur, lame with a sore ankle, still is a doubtful starter, but Trainer Paul Kelley said: "I imagine I'll put him in the entry box Thursday morning."

Calumet Farm also is unsure about On-And-On. But trainer Jimmy Jones was optimistic today and his father Ben said "This is the most open Derby I've ever seen," indicating Calumet probably will go after its third straight derby victory.

Tam, Redwood Swim Teams Vie Tomorrow

Swimmers from Tamalpais and Redwood high schools, who clash tomorrow at Tam's pool, won warmup meets yesterday, Tam over Drake's Pirates and Redwood over San Rafael.

Tomorrow's big meet will start at 3:30 p.m. In their previous meeting Redwood edged the previously undefeated Tamites, 50-45.

Yesterday Bob Watkins of Tam set a new school record in pacing the Indians to their 66-29 victory at Drake. He swam the 400 freestyle in 4 minutes, 51.8 seconds.

Drake's John Hendry also set a pool and school record when he was clocked at 1:13.3 in the 100 breaststroke.

Drake's Pete Sagues was the meet's only double winner as he copped the 50 freestyle in 24.2 seconds and the 200 free in 2:07.4.

Other first place winners were: Mark Cory (T), 100 butterfly, 1:03.1; Gary Dahl (T), 100 back, 1:05.7; Bob Mosher (T), 100 free, 56.3; Zeke Bundschu (D), diving and both of Tam's relay teams.

Double-winner Bob Sloan paced Tam's B team to a 43-34 victory.

Redwood's John Chambers set a school record of 2 minutes, 8 seconds in the 200 freestyle as the Giants won 64-31 at San Rafael.

Other first place winners: Dick Chambers (R), 400 free, 4:41.5; Dave Corbet (R), 50 free, 24.8 and 100 free, 56.3; Paul Nordstrand (R), 100 butterfy, 1:02.6; Lee Schafer (R), 100 back, 1:12.6; Mike Woodson (R), 100 breast, 1:14.8; Marks (SR), diving; San Rafael's medley relay team and Redwood's freestyle relay quartet.

San Rafael won the class B meet, 41-37.

Abramson-Partner Win Team Honors At Marin Club

Mesdames Edward Abramson and Jack Hatchett teamed up to score a low net of 154 yesterday in the Marin Golf Club's Blind Partner Tournament.

They edged out Mesdames Meyer Schwartz and Fred Ahnert by one stroke in Class A competition.

Leaders in Class B were Mesdames Mel Bleadon-William Weeks, 168 and Eugene Dolan-Edward Wright, 169.

Mrs. Week's 54-hole total score of 227 won the club's low net honors for the month of April.

Phil Moyer In TV Debut Against Bahama Tonight

PORTLAND, Ore. (UPI)—Belting Yama Bahama from Bimini, British West Indies, goes into the ring tonight for the 64th professional time against young Phil Moyer of Portland in a 10-round middleweight television match starting at 7 p.m. PDT.

In 63 fights, Bahama has lost eight by decision, one by knockout and has drawn in two. Moyer, elder brother of nationally-ranked welterweight Denny, has had 16 professional fights. This will be his television debut. Bahama has had 13 video matches.

"If he fights the same way Denny does, it will be a real battle," Bahama said in sizing up the match. "I've never seen him (Phil) fight. I don't know what to expect."

Both fighters have been working out at the same gym, and Bahama's impressive speed and hitting power have given him the edge in betting over Phil who has slowed down his workouts over the past few days.

Both are cautious defensive fighters. Bahama, who is 26, says he is a converted southpaw.

Paying tribute to the Moyer clan, Bahama says he thinks young Denny has a good chance against Welterweight Champion Don Jordan. The fight is being lined up by Denny's uncle, promoter Tommy Moyer.

Mrs. Ann Coleman will meet Mrs. Joan Acquilino next week for the championship of the Indian Valley Women's Golf Club's Spring Handicap Tournament.

They won their semi-final tests at the Novato links, Mrs. Coleman downing Mrs. Colleen Smith, 2 up, and Mrs. Arquilino outlasting Mrs. Dorothy Gaylord in a 20-hole duel.

In consolation semi-finals Mrs. Roberta Keller defeated Mrs. Ida Zapelli, 2 up and Mrs. Hazel Finsley edged Mrs. Vi Mahoney, also 2 up.

In the club's medal handicap tournament played yesterday Mrs. Coleman won Class A with 97-23—74, followed by Mrs. Lennie Johnson, 102-27—75 and Mrs. Verna Barner, 98-22—76.

Class B—Mrs. Bess Garatti, 101-39—62; Mrs. Bobbie Sparrow, 106-28—78; Mrs. Dorothy Gaylord, 108-29—79.

Class C—Mrs. Roberta Keller, 119-46—73; Mrs. Doris Barr, 126-50—76; Mrs. Helen Hardcastle, 120-44—76.

Special Diets For Athletes Ridiculed

CAMBRIDGE, Mass. (AP)—Yes, ma'am. You say you've got a budding young athlete in the family and you want to know if there's any special diet he should follow?

Not at all, says a panel of Harvard University scientists.

What about special diets followed by some athletes?

Hocus pocus, replies the panel.

Should you load up the athlete on milk and red meats?

No more than anyone else, the panel says.

And the same holds true for the mature athlete. That was the conclusion a panel of dieticians reached Monday night at the Harvard Faculty Club.

"I know of nothing that would put the nutrition of an athlete on any other footing than that of any other healthy human being," said Dr. Jean Mayer, associate professor of nutrition at the Harvard School of Public Health.

But he and Dr. Frederick Stare, head of the Department of Nutrition, made one distinction between the diet needs of an athlete and those of a less active nature:

The athlete may need more of the same.

Both stressed that all that is needed is just "a simple, balanced diet." Stare added a variety of foods is desirable.

As to some of the special, particular eating habits followed by some athletes, Mayer had this to say:

"Weird diets are apt to be successful just because the boys believe it has a magic quality."

NCAA Refuses To Lighten Penalty Against Trojans

NEW ORLEANS (AP)—The NCAA, on notice it will make a broad study of the recruiting and financial aid of college athletes, may lower the boom today on offending members.

The final session of the three-day meeting of the powerful Executive Council of the National Collegiate Athletic Assn. was devoted to a report from its committee on rules infractions. The committee had 18 cases under consideration.

The NCAA yesterday refused to lighten or revoke penalties imposed against the University of Southern California for athletic recruiting violations. The punishment, meted out last January, bans the school from the NCAA television program for two years and keeps it out of NCAA championships for one year.

Walt Byers, NCAA executive director, said a committee, authorized by the Executive Council yesterday, would study means of improving the athletic recruiting program and would not be involved with violations of present standards.

1-Shot Antelope Hunt Tests Shooting Skill

LANDER, Wyo. (AP)—In the days of the muzzle-loading musket you got one chance to bag your game. If you missed, you went hungry. If you hit, you feasted.

Each year the Wyoming antelope season is opened in early September with a traditional one-shot antelope hunt.

A group of governors, movie and television celebrities, business and military leaders are given one bullet to bag their fleet-footed pronghorn.

Reward For Victors

To the hunters who fell an antelope with their single bullet there are pats on the back, strands of bear claws and other awards at a Shoshone Indian victory banquet. Those who hit nothing but air eat with the squaws and help prepare the feast for the crack shots.

The one-shot antelope hunt was conceived around a campfire during a 1939 hunting trip. Harold F. Evans of Lander and Hank Dahl of Denver were commenting on how modern high-powered rifles and good ammunition made present-day big game hunting comparatively easy.

Imitate Hardships

From that campfire conversation Evans and Dahl started the one-shot antelope hunt to imitate as closely as possibly their forefathers' hunting hardships.

The first of the hunt was held in central Wyoming in 1940. A team of five Coloradoans scored three kills to one for a Wyoming team captained by former Gov. Nels Smith.

In subsequent years, the Colorado and Wyoming governors were regular headliners in the hunt. Chief executives of other states fired with varying degrees of success.

The one-shot hunters are given a day of practice to sight in their rifles. Usually about one-third of the hunters are able to bag their antelope with a single bullet.

Glenn Davis To Race At Compton

COMPTON (UPI)—Glenn Davis will head a big name field in the 440-yard dash in the 20th annual Compton Invitational Track Championships, it was announced today.

Davis, the Olympic Game star, from Ohio State, is the world record holder at the distance. His opposition in the quarter-mile test on June 5 is expected to include Dave Mills of Purdue, Bob Staten of Southern California and possibly Eddie Southern, the Texas star.

It will be the first appearance for Davis at Compton.

Baseball Writer Always Makes Allowances For What He's Told

CONNOLLY

More big league baseball, not the bush league variety.

More hustle, not the cheap kind, where a player just yells and yells and says nothing.

More smart performances, not necessarily unusual stuff, but right alert playing, showing a definite know-how style.

That's what the San Francisco and Northern California baseball fan is looking forward to in the season ahead.

Actually many of those "gee-ain't he wonderful" guys are a pain in the caboose.

But a newspaper guy is supposed to make friends instead of enemies and the public must have someone to idolize . . . all of which makes for a writer that he say something nice about our San Francisco Giants, the players, the management, and so on.

So at the start of the 1959 National League season and with the idea that the San Francisco Giants might have a chance, I rebel.

I want to get away from such namby-pamby bunk.

I THINK when a player is interviewed, he should be described as being gruff, touchy, critical, dull or unfriendly.

Furthermore, I wouldn't blame a ball player if he told me I was a pest or a clown or just a plain pain in the neck.

Most ball players are inclined to stay aloof from writers. They seldom know what it's all about for the very simple reason they make no effort to find out what a baseball writer is trying to find out.

Managers usually are friendly. They usually admit they haven't been paying too much attention to so and so or they will predict so and so is going to be a helluva star.

Sadly enough, we haven't enough players or managers in baseball who are willing to speak out loud. They all, or most of them, are eager for publicity, but they are afraid of being misquoted.

HOW MANY friends would a ball player have if newspapermen went around telling what he actually said?

I have interviewed thousands of ball players, fighters, jockeys, fight managers, bowlers, pool players, football stars, and so forth, and I have yet to find anyone of them uninformative. They all have their own ideas, but the interviewer has to "clean up" their remarks or he would get them in trouble.

And maybe get his paper into trouble, as well.

A baseball writer always makes allowances for what he is told, and particularly WHEN HE IS TOLD.

If you interview a pitcher after a close ball game in which he loses, he might say anything.

SO THE EXPERIENCED baseball writer tones down his remarks for the benefit of the player and for the sake of the managing editor who might not like the rugged type of reporting.

From a baseball writer's point of view, I'd say that whenever a controversial subject is discussed, the reader is getting, toned-down what the player actually says. Not what he REALLY SAID.

Furthermore if any of those young whipper-snapper ball players want to talk things over with me, I'll be glad to do so . . . but from a safe distance.

Talbert Predicts Mexico Will Beat Aussie Netters

BOSTON (AP)—Bill Talbert, former U. S. Davis Cup captain, today said he believes Australia will not even reach the final round this year in its quest to regain the prize of world amateur tennis.

"I don't see anyone who'll beat an American team of Alex Olmedo and Butch Buchholz—not the Australians," Talbert said on the occasion of an exhibition of the Davis Cup here.

The U. S. regained the cup from the Aussies last December.

"In fact," Talbert added, "I don't believe the Australians will even reach the final round against the United States. I think they'll reach the end of the line in mid-July when they meet Mexico in Mexico City."

She'll Talk Food With The Russians

DES MOINES, Iowa—A pretty, 28-year-old Iowa woman, Mrs. Anne Anderson of Des Moines, will graphically demonstrate a distinctive segment of the American way of life—the kitchen duties of a U.S. housewife—this summer in Moscow.

She will be the demonstrator in charge of American kitchens of the present and the future when the six-week American National Exhibition in Moscow opens sometime in July.

An associate editor of kitchens and equipment for Better Homes & Gardens magazine, Mrs. Anderson will describe features and facts of the Whirlpool model modern kitchen and the Whirlpool Miracle Kitchen of Tomorrow, chosen by the U. S. Department of State and the U.S. Department of Commerce for the American Exhibition.

The American-born daughter of Mr. and Mrs. Peter Sonopol of Argo, Ill., Russian emigres to the U.S., Mrs. Anderson spoke little English until she entered primary school.

She joined Better Homes & Gardens in 1952 following graduation from the University of Illinois, where she studied journalism and home economics. As an associate editor she develops story ideas, takes "scouting" trips throughout the nation looking for outstanding kitchens suitable for publication, supervises kitchen and equipment photography, helps to plan project kitchens, and travels to various appliance markets, conventions, and home shows looking up-to-date ideas and information on what trends are in store for today's homemaker. She is married to Curtiss Anderson, special features editor for the publication.

As one of the few home economists in the United States who speaks fluent Russian, Mrs. Anderson has in the past been called upon to serve as an interpreter for official Soviet visitors. She was an interpreter for the first post-war Russian visitors—a delegation of Soviet farm and agricultural officials on their tour through the Tall Corn state.

The two kitchens over which Mrs. Anderson will have charge are being sent to Moscow at the request of the U.S. government. In the model modern kitchen, the people of Russia will see many of the time-saving and work-saving appliances available today to the American housewife. This kitchen, which will be displayed in an American urban dwelling unit being constructed on the exhibition grounds, will be used by Mrs. Anderson and others on her staff to prepare favorite Russian and American recipes.

In the "miracle" kitchen, visitors to the exhibition, the first official U.S. exhibition ever held in the Soviet Union, will see some of the appliances planned for the future.

This will be the first major American exhibition ever held in the USSR. It is expected to draw some 3½ or 4 million visitors from various parts of the Soviet Union. The comprehensive exhibition will project a realistic image of America through exhibits, displays, films, publication, fine arts, and performing arts—a virtual "corner of America" in the heart of Moscow.

President Eisenhower recently said the exhibition will be one way "to show the true image of America to the people of the Soviet Union.

GOOD MORNING, MOTHER! — There is no nicer way to say "thank you" to that most important person in your house than to serve breakfast in bed. Sunday, May 10, which is Mother's Day, is the perfect time to start what could become a very special tradition in your house. Special Jelly-Filled Cinnamon Rolls are easy enough for the junior cook. What's under the bell cover? Well, that's for you to decide. Could be crisp bacon, fried ham or scrambled eggs.

SHHH! SECRET

Daughter's Best Gift For Mother

It's really too bad that in most households somebody has to be sick to rate the once-in-a-while luxury of breakfast in bed. This delightful bit of pampering can mean more of an expensive gift to a busy mother or hard-working father, and it's certainly no more than either one deserves on the morning of a special day.

The tray meal needn't be lavish to be effective—just the breakfast basics—plus something sweet and a little special to mark the occasion. Something, for instance, like the Jelly-Filled Cinnamon Rolls in our suggested menu for Breakfast-in-Bed.

These are a delicious breakfast treat that look and taste like many hours in the kitchen. Actually, they're a quick trick done with refrigerated cinnamon rolls from the grocer's dairy case—simple enough for even a junior cook. Rolls included ,the whole menu is no more than twenty easy minutes from kitchen to bedroom.

Breakfast in Bed
Stewed Apricots and Prunes
***Jelly-Filled Cinnamon Rolls**
Butter
Crisp Bacon Strips
Coffee or Cocoa

***JELLY-FILLED CINNAMON ROLLS**

Open 1 can Quick Cinnamon Rolls with Icing from the grocer's dairy case. Place rolls on greased baking sheet, topping side up. Flatten slightly and shape into ovals with finger tips.

Make a hollow in center of each and fill with about 1 teaspoon jelly or jam. Bake in moderate oven (375°) 14 to 16 minutes. Remove from baking sheet immediately. Ice and serve warm. Makes 8.

Peanut Butter and Jelly Rolls: Bake Rolls as directed above; spread hot rolls with mixture of icing from Cinnamon Rolls, 2 tablepspoons peanut butter and 1 tablespoon jelly or jam.

GET-READY HINTS

1. Prunes and apricots may be stewed anytime—for instance, while you're washing dishes the night before. Or use canned fruits.

2. Bake bacon strips at same rolls are in oven. Place on a rack in a small pan; bacon will be crisp when rolls are browned.

A New Kind Of Shower Party, Replete With Groom And Pals

Although bridal showers used to be purely feminine affairs, in recent years joint gatherings have become popular. The "togetherness" idea is to invite close friends of both the bride and groom. And give gifts to both, either for their future home or a personal present to each.

Admittedly, setting the refreshment table for such groups calls for fewer frills than the all-feminine shower party does. Your foods, especially, should be a little more hearty to satisfy the male contingent.

Nevertheless, it still is important to have a few decorations that are appropriate to the occasion.

A fancifully decorated umbrella placed on a table in the living room makes a pretty container for the gifts. Cover any umbrella with crepe paper, frilling the edges, then tie on some contrasting bows to make it festive.

You might carry out this theme with these candy parasol favors for your table. They're frivolous enough for the girls and delightfully edible to please the men.

CANDY PARASOL FAVORS

For each favor you need:
⅓ cup after dinner mints
5 inch square clear cellophane
Clear cellulose tape
18 inches ¼-inch ribbon
4 inch pipe cleaner

Overlap opposite corners of cellophane square to form a cone. Keep bottom point sharp. Tape cone closed.

Fill cone with assorted colors of mints. Insert one inch of pipe cleaner into the candies.

Gather the top of cone around pipe cleaner and tie with 6-inch piece of ribbon, leaving ends of ribbon free.

Make a loop bow with 12-inch ribbon remaining. Tie into place with free end of other piece of ribbon.

Finally curve top of pipe cleaner to form a handle.

Gingerbread Plus

Dress up gingerbread by spreading softened cream cheese mixed with a little orange marmalade over squares of the cake; top each serving with a luscious canned cling peach half, well drained.

A Hearty Nut Bread For Breakfast Perhaps

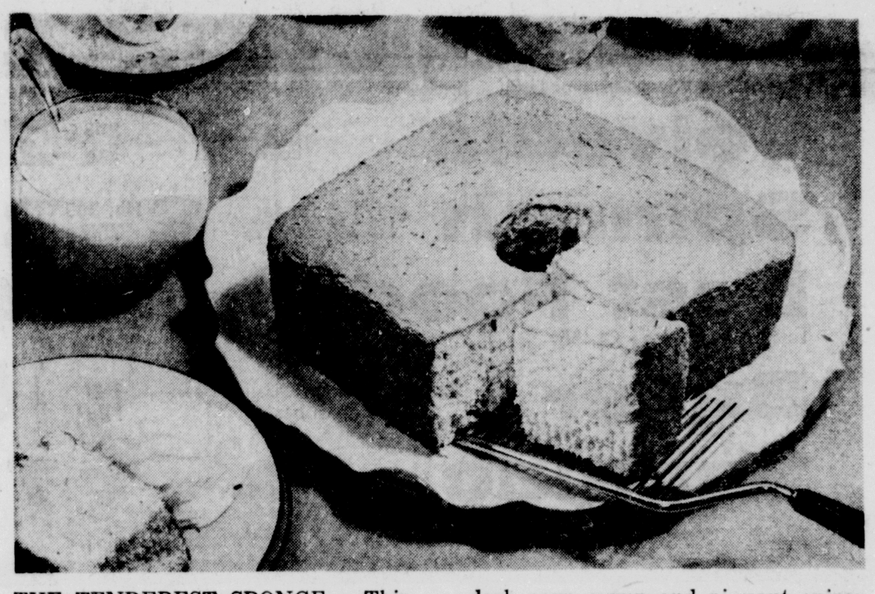

An unusual and delicious quick bread, and nutritious too! Companion to a hearty breakfast or delightful in the afternoon.

DATE-NUT RYE LOAF

Ingredients: 1 cup sifted flour, 4 teaspoons baking powder, 1 teaspoon salt, 1½ cups stone-ground whole rye flour, 1 large egg, ⅓ cup firmly-packed dark brown sugar, 1 cup liquefied non-fat dry milk or skim milk, 1 cup pitted dates (sliced), 1 cup coarsely broken walnuts.

Method: Sift together the flour, baking powder and salt; stir in the whole rye flour. Beat egg until foamy; add brown sugar; beat until thick; beat in milk. Add dry ingredients; stir until moistened; fold in dates and nuts. Turn into well-greased loaf pan (8¼ by 4½ by 2¾ inches); allow to stand 20 minutes. Bake in slow (325 degrees) oven 50 minutes or until cake tester inserted in center comes out clean. Turn out on wire rack; cool. May be sliced about ¼-inch thick when cool or thinner if stored in tightly-covered container overnight.

Pieces of chicken breast get overcooked during frying? Add the other thicker pieces of the bird to the skilled first and let them cook a while before adding the white meat.

THE TENDEREST SPONGE — This sponge cake is even more tender than it looks, because it's made with corn syrup. The butterscotch richness of dark corn syrup and piquant spices make it an extra-special cake. What's more, sponge cakes are lighter in calories.

VARIETY WITH SPICE

Corn Syrup Makes Sponge Which Is Tender And Moist

Variety is the spice of life they say. And we agree, especially when it comes to food.

The spice sponge cake recipe given here is the result of many years of developmental testing. It was homemakers themselves who first suggested corn syrup sponge cake. Many letters from homemakers told of wonderful moist cakes, cakes with tender crumb, cakes that keep well; cakes made with corn syrup, all of them.

This particular sponge cake for variety is spiced and made with imitation maple syrup. The syrup does all the things the good cooks said it would. It gives a delightfully moist cake; unusual for the ordinary sponge cake, a tender cake that keeps well. Serve the cake with a custardy whipped cream or with ice cream. With both if you like.

SPICE SPONGE CAKE

1¼ cups sifted cake flour
¼ cup sugar
¼ teaspoon salt
1 teaspoon cinnamon
½ teaspoon allspice
½ teaspoon nutmeg
5 egg whites
1 teaspoon cream of tartar
¼ cup sugar
¾ cup imitation maple syrup
5 egg yolks
½ teaspoon vanilla
½ teaspoon lemon extract

Mix and sift together, cake flour, sugar, salt, cinnamon, allspice, and nutmeg; sift twice again. Add cream of tartar to egg whites and beat until slightly mounded when beater is raised; gradually beat in sugar; slowly add imitation maple syrup and continue beating until whites stand in firm peaks.

Beat egg yolks until thick and lemon colored. Beat in vanilla and lemon extract. Fold egg yolks into beaten egg white mixture.

Gradually fold in dry ingredients, sifting about ¼ cup at a time over surface. Turn into ungreased 10-inch tube pan and cut through with spatula to remove large bubbles.

Bake in slow oven (325 degrees F.) for about 50 minutes or until cake springs back when lightly touched with finger. Invert pan and let cake stand until cool, about 1 hour. To remove from pan, loosen sides with spatula.

Cake may also be baked in a 13 x 9 x 2-inch oblong pan in a slow oven (325 degrees F.) for about 45 minutes; in 2 deep 9-inch layer pans at 325° F. for about 35 minutes; or in 3 8-inch layer pans at 325° F. for about 30 minutes. Hang cake to cool for about 20 minutes or until just slightly warm. To remove from pan, loosen sides with spatula. Slice and serve with Custardy Whipped Cream or vanilla ice cream or with both.

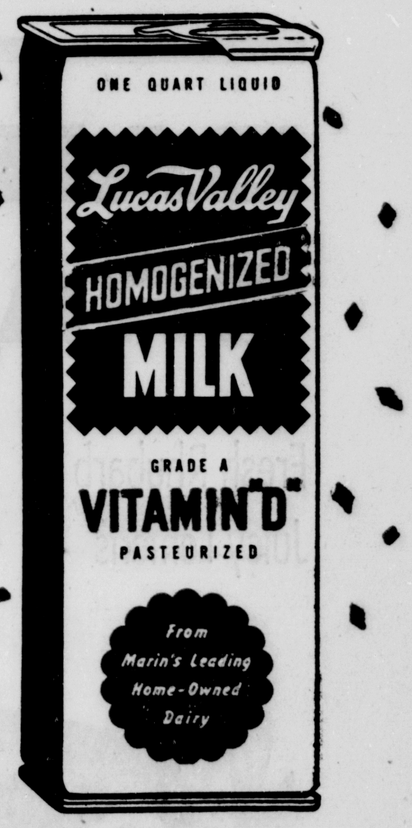

CUSTARDY WHIPPED CREAM

2 tablespoons corn starch
2 tablespoons sugar
¼ teaspoons salt
½ cup imitation maple syrup
2 eggs, beaten
1 cup heavy cream, whipped

Thoroughly mix corn starch, sugar and salt. Stir in imitation maple syrup and beaten egg. Cook over moderately low heat until thickened; about three minutes; stirring constantly. If mixture appears lumpy, beat with rotary beater until smooth. Cool. Chill. Fold into whipped cream just before serving. Makes about 3 cups.

DISTINGUISHED — This Curried Beef Loaf is not only distinctive, it's economical and easy to make. Just four ingredients and four minutes between start and oven. Makes 1 pound of beef serve six amply.

SO EASY TO DO

Curried Beef Loaf—Its Name Tells All—Well, Almost All

Some recipes don't require a lot of talking about. You can just tell by the sound of the name how they will taste. Curried Beef Loaf is one of these.

There are extras in it, namely cream of mushroom soup and crumbled crackers as binder. It's in the oven almost before you finish reading the recipe, ready for the table one hour later.

CURRIED BEEF LOAF

1 pound ground beef.
10½-ounce can condensed cream of mushroom soup, undiluted
1 Stack Pack (34) crackers, crushed (about 2 cups crumbs)
1 teaspoon curry powder
1 egg

Mix all ingredients and pack into loaf pan or casserole. Bake in moderate oven (350 F.) 1 hour. Serves 6.

COOKING WITH CUCUMBERS — This cucumber will never see the inside of a salad bowl, because it is destined to a famous finale as Cucumber a la Creme. The simplicity of its preparation makes the savoring of it even more sensational.

A New Sensation For Palates With Cucumbers A La Creme

If you have never cooked with cucumbers you have missed one of the most exciting palate sensations in gourmetdom. Cucumbers a la Creme is the pride of one of those secretive French gourmets who knows how to make tantalizing dishes with a minimum of effort. Elegant enough for company but easy enough for any night of the week.

We have added a secret of our own: fresher-tasting evaporated milk. Its delicate flavor makes a light background for the oh-so-delicate flavor of the cucumbers, salt, pepper and butter.

Besides saving money, you are saving calories. By using fresher-tasting evaporated milk instead of cream, you are saving half the calories and one-fourth the cost.

Cucumbers a la Creme will inspire you to try the same technique with other vegetables. The advantage of using this fresher-tasting evaporated milk when creaming vegetables, whether you thicken the sauce or not, is that its double-strength allows you to save the flavorful, vitamin-rich juices and still have a creamy, attractive sauce.

CUCUMBERS A LA CREME
(Cucumbers in Cream)

3 cucumbers
4 tablespoons butter, melted
salt
pepper
½ cup fresher-tasting evaporated milk.

Peel cucumbers, quarter them lengthwise and cut into 1-inch pieces. Blanch by simmering for 3 minutes in boiling salted water. Drain and put in casserole containing melted butter. Sprinkle with salt and pepper. Cover casserole and cook slowly for 15 minutes. Pour the fresher-tasting (important!) evaporated milk over them and cook 5 minutes longer.

Spring Half-Shell

This is the time to serve avocados half shell fashion, for they are both plentiful and reasonably priced. For a special occasion, serve the creamy, delectable fruit filled with chicken salad. Garnish with chopped almonds. It's a delightful combination.

Grape Sauce--New Gambit For Company Lamb Chops

Perfectly broiled loin lamb chops served piping hot are a treat in themselves but for this occasion, a special tangy Grape Sauce accompanies the chops.

The sauce is a combination of grape jelly, lemon rind and juice and toasted, slivered almonds.

In serving this perfectly paired match, remember to serve the chops piping hot. Let the guests wait for the meat — never allow the chops to wait for the guests.

BROILED LAMB CHOPS

6 rib, loin or shoulder lamb chops, cut 1 to 2 inches thick
Salt
Pepper

Set regulator for broiling. Place chops on broiler rack. Insert broiler pan and rack so the top of 1-inch chops is 2 to 3 inches from the heat and 2-inch chops is 3 to 5 inches from the heat. When one side is browned, season, turn and finish cooking on the second side. Season.

Chops cut 1 inch thick require 10 to 12 minutes. Chops cut 2 inches thick require 20 to 22 minutes. Yield: 6 servings.

GRAPE SAUCE FOR LAMB

1 cup grape jelly
1 teaspoon lemon rind
1 teaspoon lemon juice
2 to 3 tablespoons slivered, toasted almonds, if desired

Mix together grape jelly, lemon rind and lemon juice. Heat, stirring constantly, until jelly melts. Sprinkle almonds over the top, if desired. Serve with lamb. Yield: 1 cup sauce.

Hearty Spread

Tasty enough for a canape, hearty enough for a sandwich, is Olive Bologna Spread. Combine ground bologna with instant minced onion, chopped green pepper and chopped ripe olives. Blend with mayonnaise.

Have Your Soup And Eat It, Too

Seeds and weeds are sprouting in the garden. The sun is wonderfully warm on the patio. You have an urge to steal a couple of hours and just explore in the Marin hills.

But first, something for dinner tonight. Something different, Ah, for those chilly evenings when a tureen of soup was so easily done.

Turn your back on the sun just briefly and you'll be free for the rest of the day. This delightful "something different" is Soup 'N Cracker Mold, a dish as hearty as winter's soup but seasoned and chilled to meet spring's challenge of particular appetites. The contents come from a can, but the cooking is all done before morning has chased the dew from the California poppies.

Have a wonderful afternoon in the sun!

SOUP 'N CRACKER SALAD MOLD

2 envelopes unflavored gelatine
½ cup water
2 10-ounce cans frozen cream of shrimp soup
2 soup cans milk
10½-ounce can condensed tomato soup
¼ teaspoon oregano
¼ teaspoon chili powder (or more)
16 soda crackers, finely crushed (about 1 cup crumbs)

Soften gelatin in water. Combine cream of shrimp soup and milk in pan over moderate heat. Stir until blended, then stir in tomato soup and spices. Add softened gelatine to soup. Cook until mixture barely comes to a boil. Remove from heat; add cracker crumbs. Stir thoroughly and pour into a well-oiled 2-quart mold. Chill several hours until set.

For a hearty one dish meal, serve with cooked or canned shrimp and deviled eggs.

DEVILED EGGS

6 hard-cooked eggs
½ cup mayonnaise
¼ teaspoon salt
1 teaspoon minced onion
18 bleu cheese crackers crumbled (about ½ cup crumbs)
Pimiento

Cut shelled eggs in half lengthwise. Remove yolks to small bowl. Mash yolks until fine and crumbly; blend in remaining ingredients except pimiento. Refill halves and garnish with pimiento strip. Serves 4 to 6.

Handy to remember when you are using old-fashioned recipes that give some measurements by gill: ½ cup equals one gill.

SUMMER HEARTY — This robust Soup 'n Cracker Mold, flanked with deviled eggs and jumbo shrimp or prawns will satisfy the heartiest supper appetite, but is piquant and cooling for those whose appetite wane with warm weather. Oh yes, there is shrimp in the mold, too.

Not-So-Sweet Sweet Potatoes

Candied sweet potatoes not quite so sweet as the usual variety. Delightful with sliced ham, hot or cold, and a platter of crisp vegetables.

HONEY-ORANGE SWEET POTATOES

Ingredients: 6 medium-sized boiled or baked sweet potatoes, 4 tablespoons butter or margarine, ⅓ cup honey, 1 teaspoon grated orange rind, ½ cup orange juice, ⅛ teaspoon salt.

Method: Remove skins from sweet potatoes; cut in half lengthwise. In a 10-inch skillet mix together the butter, honey, orange rind, orange juice and salt; heat. Add sweet potatoes; simmer, basting often and turning once or twice, until syrup is reduced and thickened — about 10 minutes.

with Tide you never doubt you've done your very best

with Tide you know your wash is clean as can be

Who's to blame you, dear lady, if you sit back and admire your handiwork? You've a right to be proud because every stitch and tuck of those Tide-washed clothes is clean as can be. And you know it. You know it because you, wise lady, have compared Tide with the other products. You've discovered Tide leaves you confident of cleanness while others leave you with doubts. There's nothing else you trust like that famed Tide cleaning power. So only Tide is good enough for your family. Only Tide. No ifs, ands or doubts about it. TIDE'S IN—DOUBT'S OUT!

You'll find BALL Jars are perfect for jam and jelly, and an all-year aid for refrigerator or freezer storage.

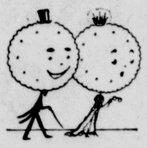

Want an appetizer for your next dinner party? Peel and segment two grapefruit, removing membrane. Mix ¾ cup HEINZ Ketchup, 3 Tb. lemon juice, 1½ Tb. Worcestershire Sauce and ¾ tsp. salt. Blend, chill. Add the grapefruit and fill six cocktail glasses. It's a fine idea to have plenty of HEINZ Ketchup on hand; try the big "family size" bottle for thrift and convenience.

When the cupboard looks bare, don't despair! If there's a single can of WHITE STAR Tuna and a bit of leftover ham, you have dinner at your fingertips. Drain the tuna, and dice the ham. Make a white sauce and add the tuna and ham. Serve in toast cups or over hot biscuits. WHITE STAR Tuna is all choice cuts of the fish, so delicate in flavor it goes well with many other foods.

★ **Save butter wrappers in refrigerator, to butter casseroles, cookie tins.**

"Made for each other"—LINDSAY Ripe Olives and parties—for wherever people meet, olives for nibbling are welcome. LINDSAY Olives lend themselves to many combinations. This is one: Roll the ripe, pitted olives in cream cheese seasoned with Worcestershire sauce and thinned with mayonnaise. Then roll in sweet pickle relish and serve on picks, as appetizers.

A wedge of lettuce with blue cheese dressing can act as first course or substitute for dessert. *For the dressing, use MAZOLA Oil, because of its light and delicate taste.* Crush ¼ pound cheese, adding enough MAZOLA to make a smooth paste. Then, adding vinegar and MAZOLA alternately, mix until the paste is just thin enough to pour. Add salt and paprika and pour over lettuce.

This is Baby Week, and a fine time to introduce your baby to GERBER'S Cottage Cheese With Pineapple. Offered in both Strained and Junior types, smooth cottage cheese and finely processed pineapple make it a flavorful diet change, containing high quality protein. You'll find Cottage Cheese With Pineapple exclusively on the GERBER shelf in your store.

★ **Like your fried chicken crisp? Cook it uncovered in skillet, turning frequently, for about 25 minutes or until it is tender.**

Cats don't *have* to be nervous and excitable! Next time you and your kit have words and he decides to pack his trunk, try a change in diet. Serve him PUSS 'N BOOTS, the cat dinner made from whole fish, with all the food elements for healthy nerves and happy spirits included. **Second thought:** why not start him on PUSS 'N BOOTS today? He'll never want to leave home!

Whether it's a sandwich for Jimmy's lunchbox or one slice of cake left from dinner, there's one thing certain—CUT-RITE Waxed Paper will keep it fresh and new-tasting. There are thousands of uses for this strong paper, every day in the average kitchen, so it's a good thing the roll lasts so long. *Do you cover your pastry board with CUT-RITE? Nothing to wash, afterward.*

That's all for now!
See you next week!

A KING RETURNS — The old stern-wheeler Delta King, last of the San Joaquin-Sacramento river boats, is shown as she was towed under the Golden Gate Bridge yesterday. The Delta King was towed 1,500 miles down the Pacific Coast from Kitimat, B.C., after it was sold to a group of Stockton businessmen who will restore the King to her original condition and set her up as a historical museum. Marin Citian Fined For Drunken Driving

Mrs. Helen Francis Bjorklund, 45, a practical nurse living in Marin City, must pay a $150 fine for her first drunken driving offense.

Mrs. Bjorklund, who gave her address as Box 445, Marin City, was arrested by highway patrolmen near Greenbrae Bridge Monday afternoon. The judge put her on six months' probation.

TRIP FROM CANADA

Old River Boat Nears Her Home Port Again

SAN FRANCISCO (AP) — The Delta King, which once lorded it over California's river boats, moved under the Golden Gate Bridge yesterday on a trip from Canada to her home port at Stockton.

At the end of a tow line from the tug Lloyd B. Gore, the King weathered three storms on her voyage down the Pacific Coast from Canada where she had housed aluminum smelter workers since 1952.

Stockton businessmen, headed by John Kessel, plan to restore the 1,318-ton ship and install a theater-restaurant and a museum. They bought the King from Aluminum Co. of Canada, Ltd.

The King and a sister ship, the Delta Queen, were assembled in 1926 at Stockton for the now-vanished passenger business on the San Joaquin and Sacramento rivers and San Francisco Bay.

The Queen is now operated by the Green Line out of Cincinnati on the Ohio and Mississippi rivers and is one of the last passenger boats there.

A 285-foot, steel-hulled boat, the King leaves today for Stockton on the last leg of the 1,500-mile trip from Kitimat, B.C.

Water broke over the cabin house of the tug during one of the storms on the trip from Canada but the river steamer took the waves well although she has a flat-bottomed hull, no keel and her superstructure rises 50 feet.

Bill On Property Purchase Shelved

SACRAMENTO (AP)—Legislation to require the state to buy property within two years after it is designated for highway use was delayed for at least two years yesterday on motion of its author.

The bill by Sen. John Murdy (R-Santa Ana) would also add 10 million dollars to the state's 30-million-dollar revolving fund for advance purchase of right of way.

Murdy asked the Senate Transportation Committee to send the proposal out for two-year study "because it is a complex problem."

He said that in some cases the Division of Highways has delayed up to 11 years in buying property it has designated for freeways, causing a blight in the area affected.

Don't Climb Under Bridge – Or Else

Two San Francisco 16-year-olds have been referred to San Francisco juvenile court for climbing under the Golden Gate Bridge "just for fun."

The California Highway Patrol said the two, students at Washington High School in San Francisco, were taken under custody at 5 p.m. Sunday.

A patrolman saw them climbing over the east side at about mid-point of the span. He had to drive to the end of the bridge and return because of heavy traffic.

A CHP report said two other teen-agers were offering encouragement.

"We did it just for the fun of it," the climbers told highway patrolmen.

Drugs, Gold Stolen From Dental Office

Marin sheriff's deputies are looking for a burglar who stole gold dental plates and narcotics, estimated to be worth $1,000, from a Novato dentist's office during the weekend.

Dr. Sidney R. Kerston, who has an office at 1223 Grant avenue, discovered the break-in Monday when the cleaning woman found the office in disorder. The doctor's bag lay open, the contents scattered.

Chief Criminal Deputy Ellis Seibert said the thief pried a back window for entry and stole numerous bottles and tablets of drugs including morphine, phenobarbital and sodium pentothal.

Also missing are $225 worth of scrap gold crowns and bridges, and a model upper plate with gold teeth worth $200. The thief also took some brass bridges, apparently thinking they were gold.

Strontium Count Up In Britain

LONDON (AP) — Prime Minister Harold Macmillan announced today the amount of radioactive strontium 90 measured in British rainfall has approximately doubled since last summer. He said it probably was due to Soviet nuclear tests.

Macmillan's statement was specially circulated to members of the House of Commons.

He said:

"There is evidence from the nature of the radioactive material deposited that this is likely to have been due to recent tests, presumably those conducted in the autumn by the USSR."

Added Year's Jail In Exposure Case

George S. McCown, 25-year-old boat company employee who exposed himself indecently in San Rafael last month while on work furlough from the county jail on a previous conviction, must spend another year in county jail.

Judge Thomas F. Keating this week put McCown on three years' probation on condition he serve a year in jail and take psychiatric treatment under the direction of the probation office. McCown is again eligible for work furlough.

McCown, who has a record of indecent exposure, was caught last November exposing himself at M.A.C. Department Store parking lot and sentenced to jail. While out on work furlough, he exposed himself to two San Rafael High School girls last March 31 at Hazel Court and Irwin street in the Bret Harte area.

NBC Sues TV Union In Strike

NEW YORK (AP)—A strike of 1,500 technicians against the National Broadcasting Co. continued today with no agreement in sight.

The company yesterday filed two suits totaling more than a million dollars against the National Assn. of Broadcast Employees and Technicians Union, charging that the Monday walkout violated a no-strike clause in the contract.

A $500,000 breach of contract suit was filed in U.S. District Court here. A second suit against the union was filed by NBC in Los Angeles, asking $200,000 punitive damages and $100,000-a-day actual damages.

The Los Angeles suit contended the contract was violated when 420 employees struck at Hollywood and Burbank studios Monday. A court hearing was set for Monday on the network's petition for a court order banning picketing there.

The union has called the stoppage a "lockout." It maintains the company ordered union members off the premises in New York after they refused to handle a video tape of a two-hour program made in Paris.

NBC's radio and television networks were off the air from 7 to 9 a.m. Monday. Supervisory personnel then took over.

'Candle' Planned For Giants' Park

SAN FRANCISCO (UPI) — A San Francisco radio station plans to erect a 92-foot neon "candle" that will flash the news of Giants' baseball victories from a hill overlooking the Bay Area.

Morton Wagner, manager of station KYA, said the candle may be installed by May 7, when the Giants return from a long road trip.

Wagner said the beacon would be erected on the station's tower atop Bayview Hill, near the Giants' new Candlestick Park.

A red neon tube 80 feet long will form the base of the candle, Wagner said. The wick and flame will be emulated by a red and yellow neon tube 12 feet long.

"It will burn only when the Giants win," Wagner said. "When they lose, the candle will not be lighted."

The United States has about one-half the world's surfaced roads.

MILL VALLEY OPERA IN REHEARSAL

Rehearsing for the forthcoming production of Frederick von Flotow's comic opera, "Martha," are four members of the Mill Valley Light Opera Co., which will present the show May 21, 22, 23, 29 and 30 in the San Rafael High School auditorium. From left are William Peavey, who sings "Sir Tristam," Johanna Billings and June Purviance, who alternate as "Nancy," and Stephen Johnson, accompanist. (Ken Molino photo)
